\$7,000,000 Paid in Claims

BY CITIZENS MUTUAL
Over 100,000 Claims Paid in
Michigan Since 1915

The toll of deaths, personal injury, and damage to automobiles falls heavier each year. By fair dealing this company has increased its business among Michigan farmers since 1915. The company is now paying about five hundred claims, totaling \$25,000, in the main counties in Michigan. A very reasonable rate is made. When you have a serious claim, you have the benefit of a state-wide organization and you can also take it up with the home office. There is an agent in each community and a successful lawyer in the important cities of Michigan to aid you in case of a serious accident.

It pays to insure with a successful Michigan company with fifteen years of experience.

SENTIMENT AND BUSINESS

Edison, quoting an old frind, says it is rood to mix a little sentiment with business. Study most outstanding business successes and find that real leaders have always mixed heart with head. A man who thinks sentiment has no place in business is just out of date. He may think he has hard sense but he's merely stupid.—Exchange.
