### The Tramp

I got to talking to a bum on a bench in Bryant Park one day last week.

He had left his footprints in every corner of the world. Thru sunlit days and starry nights he had followed the "gypsy trail" over the world and under the world, and there he was, back at last in New York, headed for the Bowery—Lane of the Lost Legion.

More from what he failed to utter than from what he actually said, I gleaned that he's had a lot of fun slouchin' along the Side Lanes; and strange as it may seem, I don't think he'd have swapped places with any of the men the world calls "great."

It seems incongruous to say of a tramp that he's kept his soul alive; and yet that was the impression I got concerning the derelict with whom I talked in Bryant Park.

He had not permitted this world to rob him of his power to enjoy a sunset. He never was so pressed with the affairs of life that he didn't have time to pause and wonder at the resurrection of the dawn.

And I know this: He is more free than I am because there is nothing that life can hold him by—no futile externals that he sets store by.—Joseph van Raalte.

### Chief Human Desires

According to an advertising authority, people are most easily sold something which they strongly desire, or for which such desire may be created. The chief desires of the average person, it is said, including the following:

To make money; to escape physical pain; to be comfortable; to avoid effort; to receive praise; to sidestep trouble; to attract the opposite sex; to be popular; to have enjoyment; to be in style; to save time—and some other desires closely allied to these.

The above list consists principally of desires for things not absolutely essential to existence, as are food and clothing. When one stops to think of it, most modern desires are for conveniences and luxuries hardly dreamed of a century ago.

In fact, if people were suddenly to become satisfied with the mere necessities of life, a majority of all industrial and business enterprises would have to go out of business. The creation of new desires which make for a higher standard of living has been due largely to the power of advertising.

New devices and products which add to human satisfaction, comfort and enjoyment would have slow headway without advertising to create a desire for them on the part of the public.—Exchange.

### Forty Per Cent Wasted

William Bennett Munro of Harvard states that 40 per cent of every tax dollar spent in the United States is wasted, through unnecessary governmental activities, the shifting of responsibilities, duplication of activities and superfluous number of employees. He points out that, in times of stress, taxpayers are misled by empty promises, and respond to appeals to their feelings rather than their intelligence.

Probably every American community has had some experience

with wasted government. Experiments in business, retention of out-moded methods and dislikes of modern innovations, political inerties and similar factors have cost American taxpayers untold millions of dollars. And they will cost millions more, unless the voting public demands that government confine itself to the function of governing. Rigid governmental economy and efficiency would be one of the greatest aids to home-building, industrial development and general progress.—Exchange.

### COMMISSIONERS' PROCEEDINGS

Regular meeting of the Commissioners of the City of Farmington, held February 2, 1931.

Called to order by Mayor Lamb at 7:45 p. m.

Commissioners present: Staman, Otis, Hutton, Goers and Gilde-meister.

Minutes of the meeting of January 19 read and approved.

The City Clerk's office received \$819.84 in the month of January. City Treasurer Gildemeister made a statement in regard to uncollectable taxes. Made so because it is impossible with present facilities to correctly describe the property.

Mr. Radcliffe and Mr. Walker of the Eastern Michigan Motor Bus Co., appeared before the commissioners and discussed with them rates of fare and time schedule of the Farmington-Redford service. A communication was received from W. A. Nelson protesting the present rate of fare and asking that the last night bus for Farmington shall not leave the Seven Mile road before 1:15 a. m. Present arrangement will remain in force until the next meeting of the Commissioners on February 16 when more information will be available in regard to fare receipts, etc.

The following bills were approved by the auditing committee:

Olin Russell, gas, labor, etc.	\$9.34
Farmington Lumber & Coal Co., coal, etc.	12.89
E. K. Tamm, gravel.	14.00
Matt Hansen, blacksmith labor	3.25
Farmington Lodge, F. & A. M., abstract	6.00
W. S. Dailey & Co., meter book	6.10
Mary Kennedy, librarian	65.00
L. F. Pendl, gravel	2.25
Greenleaf Incorporated, carburetor in fire engine	46.91
Paul Foss, merchandise	2.25
Lee Hardware, merchandise	4.22
Detroit Edison, light and power	673.05
Lapham Oil Co., gas, etc.	17.74
Standard Oil Co., gas	3.74
Earl Meyer, labor	4.00
Bell Telephone, police booth	8.22
Bell Telephone, fire hall	4.25
Crane Co., sewer bag	6.25
Turner & Clark, coal	55.83
A. C. Wallbank, gas, etc.	29.24
Farmington Hardware	5.41
Marl Pettibone, police relief	20.00

Motion made by Hutton, seconded by Goers, that bills be paid as read. Carried.

Ordinance C-12-30 was read for the third time. Moved by Gildemeister, seconded by Staman that the Ordinance be adopted and that it take effect March 1, 1931. Carried all yeas.

Adjourned 9:07 p. m.

N. H. POWER, City Clerk.

The less some people are entitled to, the more they get.

### CITY OF FARMINGTON ORDINANCE C-12-30

An ordinance to regulate the milk supply of the City of Farmington.

The City of Farmington Ordains: Section 1. That for the purposes of this ordinance:

(a) "Raw milk or cream" is milk or cream in its natural state and which has not been treated by artificial means for the destruction of bacteria contained therein.

(b) "Pasteurized milk or cream" is milk or cream every particle of which has been subjected to a temperature not lower than one hundred and forty-two degrees (142°F.) Fahrenheit for not less than thirty (30) minutes after which it is promptly cooled to fifty degrees (50°F.) Fahrenheit or lower.

(c) "Certified milk" is milk produced in accordance with the provisions contained in Act No. 248 of the Public Acts of 1911 of the State of Michigan and any amendment thereto in effect at the time of production.

(d) The words "milk" and "cream" when used unmodified in this ordinance shall be deemed to include milk and cream in their raw and pasteurized states.

(e) A milk plant shall be deemed to be any place where milk is collected for the purpose of preparing it for distribution, delivery or sale.

(f) The word "person" shall mean and include any individual, partnership, corporation, society or association.

Section 2. No person shall engage in the production, delivery, distribution or sale of milk for consumption in the City of Farmington without first obtaining a license therefor as provided by this ordinance except that persons engaged in the production of milk for or the delivery of milk to a licensed milk plant shall not be required to secure a license under this ordinance.

Section 3. Every person required to obtain a license by this ordinance shall first secure a permit from the Health Officer or his representative and shall pay therefor to the City Clerk the following fees:

(a) For maintaining a milk plant the sum of \$5.00.

(b) For engaging in the sale or distribution of milk within the City of Farmington, the sum of \$1.00 for each wagon or truck used in such business.

The City Clerk shall issue a license as herein provided to any person presenting the foregoing permit and paying the fees herein provided, which license, when issued under this ordinance, shall not be transferable.

Section 4. Every license issued under this ordinance shall expire June 30th annually following the date of issue unless sooner revoked as herein provided. Licenses issued after December 31st shall be issued upon the payment of one-half of the annual fee.

Section 5. No person shall sell, deliver or convey into the City of Farmington for sale, distribution or delivery:

(a) Milk or cream to which water or any foreign substance has been added.

(b) Milk or cream kept at a temperature above sixty degrees (60°F.) Fahrenheit.

(c) Raw milk other than Certified Milk as defined in this ordinance, unless such milk is pasteurized before delivery or sale to the consumer.

(d) Cream containing less than eighteen per cent (18%) butter fat or whipping cream containing less than thirty per cent (30%) butter fat.

(e) Milk or cream produced from diseased cows or from cows during the period of 15 days preceding parturition or for such time thereafter as the milk is abnormal.

(f) Milk containing less than three per cent (3%) of butter fat or less than eight and one-half per cent (8½%) solids not fat.

(g) Milk or cream which has been produced, stored, handled, or distributed in any unclean or insanitary manner, or has been ordered excluded from the City of Farmington by the Health Officer or his representative.

(h) Milk or cream placed in containers which have not been properly washed and sterilized with steam.

(i) Pasteurized milk or cream the bacteria count of which exceeds 50,000 per cubic centimeter as shown by the standard method of milk analysis published by the American Public Health Association and the Association of Official Agricultural Chemists.

(j) Milk which has had the cream line increased by any artificial means.

Section 6. All milk sold or conveyed into the City of Farmington for sale or disposition shall come from cows found to be free

from tuberculosis as determined by tests made by licensed veterinarians within one year of the time of production, or from herds under Federal and State supervision.

Section 7. Any person operating a milk pasteurization plant licensed under this ordinance shall, upon request, furnish the Health Officer or his representative the name and location of all producers furnishing milk and cream to said plant.

Section 8. Every milk plant in which milk is pasteurized licensed under this ordinance shall be equipped with modern pasteurizing devices which shall include automatic recording thermometers in accurate operating order and shall provide facilities for the prompt cooling of all milk and cream after pasteurization to fifty degrees (50°F.) Fahrenheit or lower, and for holding such milk and cream at that temperature or lower until delivered to the consumer. Such plants shall also be equipped with automatic bottle filling and capping machinery.

Section 9. Milk or cream shall not be sold or offered for sale or distributed except in closed bottles or cans. The cans shall not be less than two gals capacity. Bottles and cans may be filled only at the milk plant, dairy or other place approved by the Health Officer or his representative.

Section 10. Upon the cap of each bottle of milk or cream sold or offered for sale in the City of Farmington there shall be printed:

(1) The name of the dealer.  
(2) The words "Certified Milk," "Pasteurized Milk" or "Pasteurized Cream" as the case may be.

(3) The day of the week on which the milk or cream contained in the bottle was pasteurized in the case of certified the day when produced.

Section 11. Milk shall be served at restaurants, hotels, drug stores, soda fountains and lunch places only in the original bottle as delivered by the milk plant or dairy.

Section 12. In delivering milk to families in which there exists a communicable or contagious disease the milk bottle shall not be taken in the house. The milk shall be poured into a container provided by the consumer or delivered in a so-called one service container which shall not be used again for milk.

Section 13. The Health Officer may revoke for cause any license issued under this ordinance provided the holder of such license be first given an opportunity for a hearing before the Board of Health.

Section 14. Any producer or distributor of milk or cream shall upon request furnish free of charge a sample of milk or cream not to exceed one quart to the Health Officer or his representative for testing purposes.

Section 15. Nothing in this ordinance shall prohibit the sale of skim milk, sour milk, sour cream or buttermilk when properly labeled as such and handled in a sanitary manner.

Section 16. The City Commission shall appoint a milk inspector who shall receive such compensation as may be fixed by the City Commission. He shall perform such duties and shall have such authority as may be prescribed by the Health Officer and the Board of Health.

Section 17. The act, omission or failure of any officer, agent or other person acting for or employed by any individual or any partnership, within the scope of his employment or office, shall in every case be also deemed to be the act, omission or failure of such individual, corporation, partnership, society or association, as well as that of such officer, agent or other person.

Section 18. The Health Officer may make such rules and regulations as are necessary for carrying into effect the provisions of this ordinance, and when made shall be deemed and considered a part of this ordinance.

Section 19. Any person violating any of the provisions of this ordinance, or any of the rules or regulations of the Health Officer made hereunder, shall upon conviction be punished by a fine of not more than \$100.00 or by imprisonment of not more than 90 days in the County Jail.

Section 20. This ordinance shall take effect March 1, 1931. Passed by the City Commission of the City of Farmington this second day of February A. D. 1931.

Approved this 2nd day of Feb. A. D. 1931.  
ARTHUR LAMB, Mayor.  
N. H. POWER, City Clerk.

CLASS TO MEET

The Golden Key class will hold its February meeting at the Children's Village, Six-Mile road W. on Tuesday, February 10 at 8:00 p. m. Miss Ernestine Pierce will be hostess.

Enterprise liners bring results.

### Glasses For Every Type

Perfect eyesight, freedom from eyestrain, and good appearance demand that glasses be made and frames be chosen to YOUR individual needs. We do not "hurry you out"—we take particular care to see that the glasses you get are the very best that could be made for you.

Modern Optical Service  
Eyes Fitted Correctly  
Charges Reasonable

Residence Phone: Hogarth 7052

### Dairymen Attention

Cut feeding costs to the minimum by feeding your hoptegrown grains intelligently. The following formulas will produce all the milk you want as cheaply as milk can be produced.

#### 20% DAIRY RATION

Bring in 200 lbs. Ear Corn  
400 lbs. Oats  
400 lbs. Barley  
We will grind them  
and add 100 lbs. Bran  
500 lbs. Buffalo Corn Gluten Feed  
200 lbs. Cottonseed Meal 43%  
200 lbs. Linseed Meal 34%  
2000 lbs.

Analysis of complete ration: 20% Protein, 4% Fat, 8% Fibre  
Cost of complete ration, including grinding and mixing, \$21.70 per ton

#### 24% DAIRY RATION

Bring in 200 lbs. Ear Corn  
400 lbs. Oats  
400 lbs. Barley  
We will grind them  
and add 100 lbs. Bran  
500 lbs. Diamond Corn Gluten Meal  
200 lbs. Cottonseed Meal 43%  
200 lbs. Linseed Meal 34%  
2000 lbs.

Analysis of complete ration: 24% Protein, 4% Fat, 7% Fibre.  
Cost of complete ration, including grinding and mixing, \$22.95 per ton.

### Every Shovelful

### Measures Up!

UNIFORMITY is most important in fuel—whatever grade you burn. It means, steady, even heat, less firing—genuine economy.

OUR COAL stands out in this respect. Every shovelful measures up to the high quality of every other. You can depend on its high heating quality from the top of the ton to the bottom. It's good all the way through.
