Is Yours Among Them?

About one-third of the automobiles in Michigan are still without liability insurance. Congested traffic, slippery roads, and the out-and-in driver make insurance a real necessity.

These accidents take place in every part of the State. Many men lose a small fortune by not having their automobiles insured.

There is no kind of insurance so important as automobile insurance. The hazard is constant, and, with cars increasing in Michigan from 114,000 in 1915 to 1,500,000 in 1930, there is constantly increasing congestion.

Citizens Mutual Automobile Insurance Company has paid out over \$7,500,000 since date of organization in 1915 and is paying out about 500 claims amounting to \$25,000,000 in each of the smaller counties, per year, a total of 20,000 claims per year in the State.

It pays to keep your automobile insured. Do not delay.
