"Simply wiping with a damp cloth cleans the smooth enamel surfaces of my ELECTROCHEF\* electric range"

\*A study of one thousand families using the ELECTROCHEF electric range showed a cooking cost of less than one cent a meal a person.

"One of the nicest things about my ELECTROCHEF electric range is its snowy spotlessness. So many of my friends remark that here is a stove you want to keep clean!"

"The ELECTROCHEF was designed with this thought in mind. Simply wiping with a damp cloth keeps the white enamel surfaces immaculate. Cleaning the smooth porcelain is as easy as cleaning a china dish. The range itself is so strikingly modern that it helps to modernize my kitchen."

"Best of all, there are no cracks or crevices to collect dirt. All corners are rounded, even inside the oven, and the metal parts of the stove are finished in never-rust Chromoplate. All my friends admire my splendid ELECTROCHEF."

ELECTROCHEF'S CASH PRICE IS \$105 INSTALLED including all necessary wiring. \$10 down, \$6 a month, small carrying charge. Sales under these conditions to Detroit Edison customers only.
