DAMAGE CAUSED BY ELECTRICAL STORM

The electrical and wind storm did considerable damage in West Farmington Friday night. Electric lights were out of order in many of the homes, and corn was lying flat in most of the fields.

Telegraph wires were blown down, and fallen trees blocked the roads. On Halstead road at the Grimmer farm, fallen trees and limbs made the road inpassable.

Their Report To You

In this week's issue of The Enterprise are reports of school district officials in this community. Others will appear next week.

The Statements by officials are reports to you of the condition of the school district's business. Every good citizen should read them with careful attention in order to have a thorough, accurate knowledge of the affairs of his district, and to be able to vote intelligently on whatever issues may appear from time to time. School officials are eager to have their constituents, the citizens of the district, read and study the annual reports. Well-informed citizens, experience shows, are almost without exception the most helpful ones to the officials.

To assist those whom you have elected and for your own advantage as a citizen, read the reports of your school distict and aid in its progress.
