Looking Ahead!

With general business still dragging along the bottom of the depression it is not strange that many begin to wonder if we are ever again to experience prosperous times.

This country always has recovered from previous depressions and will from this one. The important thing is not to lose our courage and our hope when the battle is so nearly won but to plan for the future which will be better and brighter.

RECEIVES MAIL OF BROTHER-IN-LAW, VICTIM OF 'FIST'

Former Southfield Man Charged With Assault; Is On Probation

May one brother-in-law receive mail for another brother-in-law? That is the late of Southfield Township, doesn't think so.

Of late, Thomas Harding was not receiving his mail regularly. Charles Ripaldi was getting Harding's mail at his little green house on Negaunee near Sedalia avenue. Charles Ripaldi's wife is Harding's brother.

Last Sunday Charles came to the Harding home to "deliver" the mail. Harding had company at the time. An argument ensued, and after some altercation, Harding is alleged to have hit his brother-in-law with his fist.

Harding told his story to Judge John J. Schulte in justice court Wednesday. He pleaded guilty to the assault and battery charge. Harding was placed on probation for six months, and is to report to Officer Marie Pettibone.

Collar Bone Broken In Crash On Maple Road

Two men were hurt on Maple road, east of Orchard Lake road Tuesday afternoon when a car driven by Eli Igna of Detroit ran into the rear of a car driven by Milan Milakovich of Hamtramck.

Igna suffered a broken collar bone. John Russ, Canton, Ohio, driver of his car was seriously cut about the left arm and leg. Both men were removed to Redford Receiving hospital. Deputy William Tamm said Igna's car overturned three times.

Firemen, Deputies First At Big Blaze

(Continued from page one)

mowers and garage equipment were destroyed. The damage will reach \$50,000, it was estimated by J. J. O'Connor, cemetery manager.

Fight Blaze 4 Hours

Farmington firemen were at the blaze for four hours. Smoldering lumber in the garage necessitated three hours of fire fighting. Bursting of gas tanks caused some trouble.

The building was erected three years ago. It consisted of a main structure and three wings, housing five departments, including a garage, an office, a dry house, a carpenter's shop and a hot house. The roof in all the wings was destroyed, only the hot house escaping damage.

The fire might have been checked with little damage had there not been difficulty in locating the key to the water in another part of the building or had it been possible to start the sprinkling system.

Shannon said he tried to push the bus, where a short-circuit is believed to have occurred, out of the garage. He released the brakes, he explained, but could not move the bus. Shannon is 50 years old.

Scores of people who were attracted to the blaze, which could be seen for seven miles, stayed long into the morning to watch the fire. Fire lines were established by the police at the Ten Mile road and at Beech road.

The building was insured.

FINED FOR 4 IN SEAT

Driving with four persons in the front seat was the charge against Mack Sanders of Detroit in municipal court Wednesday and the offender was fined \$5.00 which he paid.

Biblical Fruit, Not the Apple of Modern Times

The apple is so common and at the same time so highly esteemed a fruit that the action of the translators of the Bible in translating the Hebrew word Tappuch "apple" need not be wondered at.

Evidently the tappuch was a well-known, cultivated tree in the Holy land with a sweet, fragrant, strengthening fruit (Song of Solomon III, 7, 8, VIII, 5) and a tree of some size. According to Joel 1, 12, it was also a tree so well known, so useful, that its withering was a calamity, a curse to the country. To our translators the apple would be a just as much a tree to English-speaking people and so we have the word in our Bibles.

Apple is often used figuratively by English people, as oak-apple for oak-apple, the apple of the eye, nose-apple, etc., as befitting any round fruit or thing, and so might have seemed to the makers of our Authorized Version a good loosely fitting name to apply to an unknown fruit.

That it was correctly applied is not possible. The climate of Palestine is too hot for this tree, which thrives to more northerly temperatures. Up north of Palestine in Syria near Damascus it is found and bears fruit. There are a few apple trees here and there in the Holy land, but these are usually barren, are of late post-Christian days, and are by no means highly esteemed.—Montreal Family Herald.

Memories Brought Back by Distinctive Perfume

The association of ideas as a spur to memory got another boost today when a reporter listened to some fascinating reminiscences of a world traveler. This man was journeying in a leisurely fashion through Switzerland one summer, and being something of a scholar and a collector of odd bits of information, he hit upon an idea that he believed might preserve for him the memory of his travels in undimmed beauty. He purchased a certain pleasing perfume and used it continually on his handkerchief during his travels. About a year or so later he was ready for his experience and putting some of the perfume on a handkerchief, he asked his valet to place it near him some time when he was sleeping. He declares that the scene worked like a charm, that he had a most delightful dream in which the scenes through which he had passed on his travels through Switzerland passed in a series of identical pictures before his vision before he awoke.

Promise Had String to It

In one of the 5 and 10 cent stores, a customer selected a large purchase of Christmas tree lights.

She explained to the clerk that she wasn't positive that the type of bulbs she was buying would fit the sockets she had at home.

"I suppose," said the woman, "I can bring these bulbs back, if they don't prove suitable."

"Certainly," you can bring them back," the clerk assured her with smilingly. The money was passed, the package wrapped and the deal completed. Then the clerk made herself a bit clearer.

"You can bring 'em back," she repeated, "but we aren't allowed to make any refunds."—Concord Monitor.

Howlers

The "Book of Howlers" recently published in England, gives some excellent examples of unconscious school-boy humor, for instance:

"The Corps Diplomatique is a person who shuns death."

"A Conservative is a kind of greenhouse where you look at the moon."

"Many people say Free Trade is better than Protection."

"Our country has a king who can't do anything but what he ought to do."

"A King is the son of his father, but a President is not."

"Miss Olliv is the ruler of Italy."

"Holland is a low, lying country and is damned all round."—Vancouver Province.

Politician's Requisite

Isocrates was an orator in Athens, and to him came others, students of elocution, to learn his art.

One day there came a man to him named Creso, who wanted to become famous as a political spellbinder.

"You'll have to pay double fees if you want that kind of instruction," said Isocrates.

"Why shall I have to pay more than those other fellows studying forensic elocution?" asked the prospective pupil.

"Because I shall have to teach you two arts," replied Isocrates, the teacher of rhetoric. "First I must teach you speaking and, second, keeping silent."

Tonic in Laughter

To laugh long and heartily is a splendid tonic. Many dyspepsia could be cured if he laughed heartily two or three times a day.

Most of us are quite aware of the wonderful power of laughter. Even to hear others laugh does us good. And yet our knowledge does not compel us to give laughter its rightful place in our lives.

If only we could learn to look for the priceless tonic which lurks behind the most commonplace things and take frequent doses of it how much happier and healthier we would be.—Exchange.

Six Michigan Drivers Are Fined In Court

Traffic cases heard this week by Judge John J. Schulte included the following:

Steve Lukasik, 23 years old, Detroit, paid \$5.00 and \$3.35 court costs after being served with a warrant for failing to appear in court for driving with only one headlight.

Carl Peters, of Alma, paid \$10 on a speeding charge.

Leonard Casimer, Detroit, had a commitment issued and was taken to the County jail to serve a short term, but friends paid the \$13.35 fine and he was released. Casimer failed to appear on a charge of operating with one headlight.

Grover J. Nuland of Howell paid \$5.00 for a similar offense.

Alex McKinney, 3818 Humphrey ave., Detroit, was fined \$3.35 for driving through a red light.

Irving Cunningham of Redford was fined \$5.00 for driving with four in the front seat.

RECORD SALE OF MEAT

A record selling of meat was experienced last Saturday by Delos Hamlin, Farmington meat dealer, who reported that his "Saturday Special" advertisement of hamburger in last week's issue of the Enterprise sold over 200 pounds on Saturday. This is the largest quantity he has ever sold in the store in one day. Some families, Mr. Hamlin said, bought as much as six pounds at a time.

Both Farmington markets, Hamlin's and Henry Pauline's, are offering attractive specials this Saturday.

BOYS GET CHANCE

An unusual store event in Farmington this week is a "sale for boys." Boys' clothes are usually overlooked in favor of the daintier things for little girls, but F. L. Cook and Co. believe that the "little men" ought to have their chance, too, to get some nice toys at savings that will induce mothers to buy. Hence the "specials" in their advertisement on this page.

Now that the Fourth of July is over did you ever stop to think that there is no such thing as an Independence day for a married man?

W. POINT PITCHER WINS "OWN GAME" WITH 2 BASE HITS

Hartner Beats Firemen By Hitting Ball Hard; Also Scores Twice

West Point will play Skrzycki Bakers Sunday afternoon at West Point Park, 7 Mile road and Grand River, to decide who is to hold second place in the Triple A Baseball League. The game is scheduled for 3:30 o'clock.

West Point Park scored two runs in the ninth inning Sunday against the Detroit Fire Dept. team to gain its victory on the home diamond, 5 to 3. The Firemen started out strong, scoring two runs in the first two innings, but the Parkers tied the score in the third. Each team scored once in the fourth and until the ninth inning, both nines were deadlocked.

In the ninth, Millross' single followed by Hartner's triple netted one run, and Hartner scored on Halvery's single. In the third, Hartner, who pitched for West Point, started off "winning his own ball game" by scoring Hamerschmidt, who had singled, on a clean double to left field. Halvery singled the pitcher home in this inning as he did later in the game.

Each team made 12 hits, the Firemen fielding poorly, with four errors.
