Mohawk Chief Was First Indian to Talk over the Telephone

The first Indian to talk over a telephone was a Mohawk chief. The incident took place at Alexander Graham Bell's summer home in Canada, where he was spending a vacation, soon after his invention of the telephone in Boston. The Indian was Chief Johnson, father of Fastino Johnson, the poetess. The chief spoke in Mohawk, and what he is alleged to have said was: "Sago gatchi, aka, no aka" which means "Good greetings, cousin: how are you?"

Electrochef's MOIST HEAT retains the delicious natural flavors

FOR health's sake, meat should be eaten once a day, even in summer, according to dietitians, because it belongs to the protein or muscle building family. Ham Loaf makes an ideal, economical summer dish. It may be sliced cold for picnic sandwiches, or served as the principal dish for dinner. And of course, to have it at its best, it should be baked in an Electrochef oven. Electrochef's mild, penetrating moist heat retains the delicious natural flavor of ham, and seals in all the beneficial juices that are lost through "drying out" in an ordinary oven.

Has Your Kitchen Stove These ELECTROCHEF Features?

1. A clean kitchen, a clean stove—no soot, no fumes.
2. Cool cooking—summer and winter. 3. Full flavor cooking—sealed in healthful food values. 4. Exact oven control—no baking disappointments.
