Facts About the Telephone

A telephone line has been opened between Russia and Sweden via Finland.

The number of American Telephone and Telegraph Company stockholders is now over 590,000.

Nearly 60 new long distance telephone circuits were in service in the State of Georgia during the year 1930. Atlanta was the terminating point for 40 of these new circuits.

More than 230 telephone circuits now connect New Orleans directly with nearly every important city in the country. Thirteen of these circuits link with Baton Rouge. Next in order, on the basis of the number of circuits, come Dallas, Chicago, Houston, New York, Atlanta, St. Louis, Birmingham, Mobile and Memphis.
