RUSH OF CALLS FOLLOWS BRITAIN'S GOLD MOVE

The abandonment of the gold standard by Great-Britain caused an increase in transatiatic telephone traffic. Nearly 160 conversations were held between Engined and the United States, exceeding the number for a jurige day during the stock market collapse in the fall of the control of the control of the control of the control of the collapse and on Carlatinas Day last year.

Great Britian goes off the gold standard and business picks up. Isn't it too' bad that William J. Bryan wasn't spared to take part in the campaign of 1932?

RELATIVES HONOR MRS. HELIKER ON 70th ANNIVERSARY

Original Poem Read By Mrs. Murray, Daughter Of Mrs. Heliker

She carried us under her heart;
Loved us before we were born:
Took God's hand in hers and walked through the valley of
shadows that we might live;
Bathed us when

less; Clothed us when we were naked; Gave us warm milk from her own body when we were hungry; Rocked us to sleep when we were

Rocked us to sleep when we were weary;
Pillowed us on pillows softer than down, and sang to us in the voice of an angel;
Held our hands when we learned to walk;
Nursed us when We were sick;
Suffered with our sorrow;
Laughed with our joy;
Clamed with our friumph;

Glowed with our triumph; And while we knelt at her side, she taught our lips to pray; Was our friend when other friends

vas our friend ween concerned were gone;
Prayed for us through all the days when flooded with sunshine or saddened by shadows?

shine or saddened by shadows:

Loved us when we were unlovely
and led us into our days, to
walk triumphant on the Kings
Highway and play a manly
part.
Though we lay down our lives
for her we can never pay the
debt we owe to a Christian
mother.
May God's rich blessing rest on
you;

you;
And many birthdays come again;
Yet we'll remember with great

pleasure;
The three score years and ten.

Department Of State Makes Plea To Automobile Owners For Early Purchase

Lansing, Mich. Jan. 27-Records

Lansing, Mich. Jan. 27—Records of the Department of State show that many persons, financially able to do so, have purchased their 1982 license plates, even though 1982 plates can be used legally until March 1. The records disclose however that the sale, of 1982 licenses has been much slower than in 1931, Because the money from the sale of plates is being used to finance the state's winter highway relief program, an appeal haben made for those, able to do so to purchase new licenses plates as soon as possible.

Up to January 20. plates had been purchased for only 107,752 cars as compared with 328,168 for the same period a year ago. This shows that the sale of plates has dropped off 67 per cent over 1931. But at the same time plate sale has yielded \$2,108,992 as opmpared with \$5,760,983 in 1931; a decline of only 55 per, cent in actual revenue. The explanation is that owners of large expensive cars are purchasing 1932 plates at a much faster rate than the owners of smaller automobiles for whose benefit the extension was granted.
