

Fund-Raiser Winds Up Pursell's '70 Campaign

By TIM RICHARD
 This isn't an election year, and State Sen. Carl Pursell's four-year term isn't up until 1974. So why was he throwing a party last weekend at \$40 a head and \$50 a couple?
 "We were \$4,000 short from the last campaign," admitted Pursell, a Republican from Plymouth.
 "The party gave me nothing in the primary, in which I defeated an incumbent (conservative George Kuhn of West Bloomfield Township) and possibly nearly 175 tickets were sold, although only about 100 were seated when the roast beef buffet was consumed.
 At that rate, he probably covered that \$4,000 campaign deficit.
 Congressmen, such as Jack McDonald of the 19th and William Broomfield of the 18th districts, throw mid-term parties to support their district offices or print newsletters (which are mailed under the congressional franking privilege.) But

Pursell said his was for the past campaign.
 Pursell's 14th District covers Plymouth, Livonia and Northville in Wayne County, Farmington and other south-west points in Oakland County.
 THE GATHERING in Bolston Inn in Farmington drew Republicans, Democrats and non-partisans alike.
 Speaker was Lieut. Gov. James Brickley, and master

of ceremonies was Sen. Jack Toepp (R-Cadillac).
 Introduced were Sen. L. Harvey Lodge (R-Waterford), Sen. Philip Pittinger (R-Lansing), and House Minority Leader Clifford Smart (R-Walled Lake), from the Legislature; Democrats W.L. (Larry) Mainland, an Oakland County commissioner from Milford and former chairman of the Southeast Michigan Council of Governments, and Wayne County Commissioner James

DeSana of Wyandotte; Livonia's non-partisan District Judges James Mies and James McCann; and four or five lobbyists, whom Toepp introduced by name but not by affiliation.

Music was provided by speaker and later GOP minority leader until his retirement from the Legislature in 1970. Weber is expected to be the subject of an announcement by Pursell Robert Waldron (House later in the month.

LIEUT. GOV. James Brickley and his wife (left) were guests of honor at a fund-raiser last weekend for State Sen. Carl Pursell (R-Plymouth) and his wife, Peggy. (Photo by Ken Garner)

GOP Guard Changes: Mrs. Dise, Hogarth In

The Republican State Central Committee has two new members from Ob-serversland.
 Ann Dise, vice chairman of the 19th District-Wayne organization, was elected by the local committee to succeed Delores Kory.
 Mrs. Kory is a former chairman of the group and was a national convention delegate in 1968. Her family moved to Ft. Wayne, Ind. several weeks ago when her husband, Don, took a new job there.
 ARTHUR HOGARTH was elected to replace Robert Swanson, the 1970 GOP candidate for state representative. Swanson and his wife were later divorced, and he moved out of the 19th district covers western Wayne and Oakland counties.
 The Wayne County portion includes Redford Township, Livonia Republican Club, Livonia and the City of Nor-thville.
 Hogarth was narrowly beaten by Swanson for the state central post in the GOP state convention earlier this year.
 Mrs. Dise is a Redford Township resident, as was Mrs. Kory. Hogarth is a Livonia resident, as was Mrs. Dise.

A factual report by Consumers Power Company

why Insulation is important

The Facts Are...

Proper insulation assures maximum personal comfort and thrifty operation of your heating equipment.

Insulation is the Key to Comfort.

Proper insulation, properly installed, plus adequate storm doors and storm windows, makes a home far more comfortable. And the same insulation that keeps a home warm in winter, helps keep a home cool in summer. Insulation is the first step toward Comfort Conditioning a home.

Good Insulation Saves You Money.

Insulation makes good sense, no matter how you heat your home. If a house is insulated to the recommended levels of Consumers Power Company, you can reduce your heating costs substantially (in many cases as much as one-third). And the insulation that reduces your winter heating costs also reduces your costs of air conditioning for summer comfort.

Insulation is Easy to Install in Most Homes and Can be Done Any Time of the Year.

There's nothing hard about insulating a home. It can be done any time of the year and, with modern equipment and modern methods, done quickly and easily...without muss or fuss. Now is a perfect time to install insulation—the weather is cool and you'll enjoy the benefits of comfort and reduced heating costs all winter.

Why the Special Emphasis on Insulation?

Consumers Power Company neither sells nor installs insulation but there's nothing new about our recommending it. For a number of years we have encouraged our customers to investigate the benefits of insulation. Now, with the current gas shortage, conserving fuel is important. When you insulate your home, you save gas. And, by saving gas, you help make it possible for more people to enjoy gas home heating.

THAT'S THE STORY.

By now you've gotten a pretty good idea that insulation is really important and the reasons why. We think everyone is anxious to spend his money wisely these days, and your insulation dollar is well invested because it upgrades your home and your personal comfort.

If you'd like to get a more complete story on how insulation can give you more personal comfort and save you money, mail the attached coupon and we'll send you our free bulletin, "Gas Heating Insulation Facts."

Mail to your local Consumers Power Company office.
