Judge Schulte Announces Candidacy For Congress

of the Great Lakes to ocean project, economy in government, and a sales tax, excluding automobiles. Mr. Schulte is opposed to the Eighteenth Amendment, believing that it should be removed from the fundamental law. He also opposes any future moratorium.

Issues Statement

Judge Schulte's statement follows:

"At the request of a great many friends, business men, acquaintances and leaders of several women's organizations I wish to announce to the people of the new Seventeenth Congressional District my candidacy for the office of Representative in Congress in this District in the Republican Primary. While I have no panacea for all the ills afflicting the people of this commonwealth and the rest of the United States, yet I believe a great deal can be done to alleviate the suffering of mankind.

"The platform on which I stand and on which I shall base my appeal is:

"First: I believe in strict enforcement of all laws on our statute books.

"Second: I advocate the rigorous conclusion of the Great Lakes to ocean project.

"Third: I will vote to keep taxes down, by judicious economy, to the lowest level commensurate with the growth of the United States.

"Opposes Moratorium

"Fourth: I am strictly against any future moratorium and will strive by my utmost to prevent the adding by foreign nations and the International Bankers of Europe's War Debts on the American taxpayer.

"Fifth: I heartily endorse a prospective repeal of several billion dollars to provide public work for the unemployed, to restore the purchasing power of the masses and so give business to the shops, orders to the factories, sales of raw materials to the farms and the mines, and jobs to the employees of the shops and the factories and the mines and the farms.

"Sixth: I am strongly in favor of an immediate payment in full of the Soldiers' Bonus.

"Against Volstead Act

"Seventh: I am of the opinion that the Eighteenth Amendment to the Constitution should be taken out of our fundamental law and some system of government control be substituted therefor.

"Eighth: I will do my utmost to bring about the restoration of the issue of money exclusively and directly by the Nation in order that a stop may be put to the manipulation of the gold reserve for private profit.

"Ninth: I favor a Sales Tax drawn up with due care after first familiarizing myself with Canada's experience with a view that at least a modest contribution should be levied upon the greatest number but not to include automobiles."

The new seventeenth district is at present represented by the Congressman from the old sixth district Seymour H. Person of Lansing. Not until after the November election will the new seventeenth, comprising all of Oakland County and the upper tier of townships of Wayne County, have its own representative.

MICHIGAN BELL TO ADVERTISE STATE DURING FEBRUARY

Telephone Company Will Supplement Regular Advertising To Promote State Interests

Supplementing its regular advertising in approximately 250 Michigan newspapers the Michigan Bell Telephone Co., according to C. W. Hungerford, advertising and news manager, will carry advertising on "Michigan in Winter" during February. This is done, Mr. Hungerford says, in line with a definite policy of being whatever the Company can to advertise the State to the advantage of all its people and industries.

The Michigan Bell Telephone Co., carried one "winter playground" advertisement last February and "Vacation in Michigan" advertising the last four summers.

The last issue of "The Michigan Bell," an employee's magazine of the Company, carried an editorial story and numerous cuts relative to the advantages offered by Michigan as a winter playground.

Next Meeting Of Fruit Growers To Be Feb. 16

Schools for fruit growers are being conducted by Michigan State College horticulture specialists in Oakland County this Winter. Four sessions have been held up to this date covering technical problems of keen interest to growers. Average attendance at these meetings has been 54. The meetings are held in the Lincoln Junior High School in Pontiac.

The next school will be Tuesday, February 16. At that time the topics to be discussed by Ray E. Marshall, Michigan State College and K. D. Bailey, County Agriculture Agent, will be Physiology of Fruit in Storage, Coloring Apples in Piles, Storage House Insulation and Ventilation and Pollination Problems.

MEETING FOR TAX RELIEF PLANNED FOR CLARKSTON

That taxation is the most vexing problem facing Oakland County Farmers is indicated by tax rates which in some townships is in many cases confiscatory. To aid in promoting tax relief, the Farm Bureau is conducting a tax meeting at Clarkston at 2 P. M. Thursday, February 18. Attorney John R. Rood, of the Michigan Farmer, Detroit, will explain the proposed tax limitation amendment. The general public is invited.

Memorial Recognized as Enduring Work of Art

To a member of the wonderful family of Adams it fell to leave the world one of the most beautiful memorials to a woman in existence anywhere, the masterpiece of Saint-Gaudens in Rock Creek cemetery in Washington. It was in 1872 that Henry Adams married Marian Hooper, the daughter of Robert William Hooper of Boston. For years they lived in Washington. John Hay has left the opinion that there never had been such a salon there as that over which she presided. "Those were the years of the close intimacy of Adams, Hay and Clarence King. Henry Adams and his wife used to read together and ride together and that alternation constituted a large part of their lives. It was in 1885, when Richardson was building the well-known adjacent houses of Hay and Adams, that Mrs. Adams, who had been in ill health, "died suddenly under peculiarly tragic circumstances," as the event is described by Allen Johnson, the historian.

Adams, heavily stricken, went off to Japan with John LeFarge and in the East came into contact with the original habit of occupation of the emigma of life and death. That idea Saint-Gaudens represented in bronze, and mankind is indebted to him and to Adams for an enduring masterpiece.

Edmund Fosberg said only what all must say, that it "is great art."—Exchange.
