ICE FARMING POSSIBLE Lansing, Feb. 25—Michigan commercial fishermen and the Department of Conservation are worrying about a possible ice famine next spring. With little or no ice on the inland or the great lakes and with normal ice forming season of about six weeks remaining for the winter it is feared that a real shortage will be felt next summer.

Two George Washingtons List in Capital's Telephone Book

The new telephone directory for Washington, D. C., lists 119 different Washingtons, two of whom are George Washington. It also lists twenty-nine Lincolns, but no Abraham of the name and twenty-seven Jeffersons, two of whom are Thomas.

Sixty-six Hoovers are in the directory, fifty-four of which are Woodrow Wilsons and six are Woodrow R.

"ASKS DAD" BY TELEPHONE CALLS FROM OVERSEAS Obtaining her parents' consent over the transatlantic telephone service, a Detroit young woman and a young American engineer were married recently in a quiet ceremony at St. Mark's Church in London. The romance began in Paris, but it required several transatlantic telephone calls before the parents' consent to the marriage could be obtained.

PUBLIC LIBRARY IS SENT A CHART BY CONGRESSMAN

Copy Of Famous Washington Portrait And Flag Chart Given Library

A colored chart showing the flags used during the American Revolution and a copy of the famous "Athenum Portrait" by Gilbert Stuart of George Washington will soon be exhibited in the Farmington library, Miss Mary Kennedy, librarian, was advised recently in a letter from Seymour H. Person, Congressman of the sixth district.

Mr. Person's letter follows: Dear Miss Kennedy:

In connection with the activities of the George Washington Bicentennial to be held this year, the Commission has made available for the first time, a chart reproduced in colors, of flags used during the American Revolution, under the title, "Flags of American Liberty."

I find this chart most interesting and feel that it should be made available to the general public. To that end, I have made arrangements for a sufficient quantity to supply the libraries in the district, which I have hoped to represent; and, therefore, take pleasure in sending you under separate cover the Chart and trust you will find it of sufficient interest to yourself and patrons to place in a conspicuous place in your library.

I am also sending the picture of Washington which the Commission had printed, a copy of the famous "Athenum Portrait" by Gilbert Stuart. This I likewise feel will be of special interest to your patrons.

Assuring you that it is indeed a pleasure to be of service in this connection, and with kind regards and best wishes, I am

Cordially and sincerely yours, Seymour H. Person.

FARMINGTON SCHOOL NOTES

The Sixth Grade has finished its North America maps in Geography.

The boys and girls of the Sixth Grade are making book ends and lamp shades.

The Sixth Grade girls and boys have a basket ball game every Friday.

The annual school carnival was held Friday, February 12. There were many attractive booths, among which were the fish pond, fortune teller, ice cream, pop and novelty booth. There was also a program in the assembly.

The main attraction was the basket ball game at which there was a good attendance. Financial returns were gratifying.

The spell-down, which is held in the Fifth Grade every Friday afternoon, was won by the girls. Rosemary Lukke is leaving to live in Wayne.

The Third Grade is making small models of George Washington's home.

Less Coates enrolled in the Senior Class last week.

SPORTS The second team defeated Northville's second team 8 to 5. Farmington's first team defeated Northville's first 31 to 14. All of the boys on Farmington's first team scored points. Ray Fend's and Harley Spallier's men did not score any points. The high points of the game were the consistent following in of shots by the Farmington boys and the clever passing of Ray Fend.

SOCIETY NEWS Miss Halstead gave a farewell party Friday in honor of Dixon Riddle who is leaving for Lewistown, Pa. Ice cream and cookies were served.

SOCIETY TO HEAR TALK ON SOUTH AFRICA MAR. 1 The Woman's Home Missionary Society will hold their regular meeting Tuesday March 1st in the M. E. church.

TRUCK TO BE USED IN READJUSTMENT PROGRAM IN COUNTY

Wide Variety Of Subjects Treated In County Farmers' Meetings At Pontiac

A Fruit Growers School, starting early in December and covering principal phases of orcharding as they affect conditions in Oak and County, was concluded with a final meeting Tuesday, February 23.

The meetings have been held at the Lincoln Junior High School, in Pontiac, with an average attendance of 50. Topics covered thus far include Training Trees, Spraying for Insect and Disease Pests, Grading Fruit, Orchard Soil Management, Varieties, Storage House Construction and Ventilation.

A truck operated by the Michigan State College co-operating with the county agricultural agent K. D. Bailey, will be the first stop in a program of readjustment of crops and livestock over the farms of this county. It is a part of the general plan developed by the delegates to the dairy profits conference. At this conference delegates urged that enough alfalfa to feed all the dairy cattle be grown on every farm. They pointed out that it ranks first among all hay crops in feeding value and in total value per acre.

Delegates from Farmington included Amasa Grace, Ellis Randall, Clyde Seeley, John Graham and Alfred Randall. Walter Weber represented Walled Lake and F. J. Napier, Peter Groff and V. M. Spencer were delegates from Wixom.

Facts About the Telephone

The first telephones in Etchopa were introduced in 1886, and were installed by Italian prisoners captured at the Battle of Adwa.

Statistics of the 1930 farm census, recently released by the Department of Commerce, show that there are now 175,000 telephones on farms.

A net increase of 10,800 telephones in Washington, D. C., took place in 1931, as compared with a gain of 9,600 in 1930. At the beginning of 1932, Washington was served by some 175,000 telephones.

The New York Telephone Company spent about \$85,000,000 during 1931 in New York State on its construction and improvement program. This figure exceeds the annual average spent for these purposes in the state for the last five years, the five-year total amounting to about \$417,000,000.

The first telephone exchange in Siam was established at Bangkok, the capital of the country, in 1886. This was replaced twenty years later with a common battery two-wire system which is still in operation. A modern and more efficient telephone system, however, is now being installed, new exchanges are being built, and work is under way for the laying of a complete new underground cable system.

DEADLINE FOR PLATES

Chief of Police Lee Doyle of Farmington warns motorists that Monday is the last day upon which 1931 license plates may be used on automobiles. There will be no extension of time on this occasion, Chief Doyle says, this rule having been made when the extension to March 1 was first inaugurated.
