In his last radio message to the American people said:

"My message to you is: "Be courageous; I have lived a long time. I have seen history repeat itself again and again. I have seen many depressions in business. Always America has emerged from these, stronger and more prosperous. Have faith. Go forward."

What a precept for us to follow, especially in days of distress and doubt! "Have faith. Go forward."—This last bidding of a famous American may serve us well if we heed it to the utmost.
