MICHIGAN BELL TELEPHONE CO.

"Thanks to my telephone, I found a new job in 3 days"

"I INTENDED to have my telephone taken out. But when I was told of many actual cases in which others had found jobs by means of their telephones, I decided to keep mine for a month or so.

"JUST 3 DAYS LATER, one of the employers with whom I had left my name and telephone number called me."

The telephone in your home is one of your most important business and social assets. And it is PRICELESS PROTECTION in emergencies, such as fire, accident or sudden sickness.

• A true incident, chosen from among many similar cases reported by our business offices.

DIFFERENT *from the stove*
you had when YOU were a bride!"

"WHEN you were married, only wealthy families could afford an electric range. Wouldn't you have been thrilled with a brand new Electrochef like mine? Not even the most expensive homes, in your day, ever had a stove like this! I can't believe that such a lovely range can cost so little to buy and operate. Brides today are lucky—even with a modest budget, they can afford an Electrochef.

"There are so many superior features about electric cooking that I wouldn't be without it. The cleanliness, the convenience, the coolness, the better flavor and healthfulness—all these things are reasons why electric cooking is the finest

that money can buy. And the Electrochef is truly modern—its graceful, flowing lines and distinctive appearance set it apart from other stoves. I'm prouder of my Electrochef than anything else in my kitchen!"
