Light your way to BETTER BUSINESS

It isn't much use waiting for "good times" to come back. Wishing (as a lot of people have pointed out) won't bring the turn in business. But there's mighty good reason to believe that hard work—coupled with a little initiative—will help bring things back to normal.

Whether or not the improvement in conditions is at hand, now is certainly the time to get ready for it. When the upturn comes, you should be in a position to take full advantage of it. Once things "start moving," they will move rapidly—and perhaps the day is not far distant!

Brightly lighted windows and a well-lighted store are two of your strongest assets in a bid for increased sales. Light attracts customers—it is powerfully magnetic. Well-lighted windows improve the appearance of merchandise and give you a strong advantage over competitors. And good lighting works just as successfully for the small store as for the large. Remember, too, that light is one of the cheapest things you buy. Why not enlist its aid in your behalf?

Without charge our lighting engineers will gladly measure your lighting, inspect your equipment, and make suitable recommendations.

**TO MY FRIENDS, NEIGHBORS AND LOYAL SUPPORTERS
IN OAKLAND COUNTY:**

I desire in this public way to express my very deep and sincere appreciation of the loyal support and enthusiastic work in my behalf, which has been carried on by hundreds of friends, neighbors and supporters throughout the entire County.

I realize that I cannot meet you all personally in order to say "THANK YOU" and so I am taking this opportunity of expressing my appreciation to you all. If nominated and elected, I shall to the best of my ability, endeavor to be worthy of your wonderful expression of confidence.

To insure my nomination on September 13th, at the Primary, ask for a Republican ballot, and vote early to avoid the rush.
