Michigan's First Governor

In Over 60 Years
To
REDUCE TAXES

During His
FIRST TERM
is
Wilber M.

*Honesty--Ability
Courage*

"Whatever else may be said, everyone admits that Wilber Brucker is honest and sincere. Nobody ever has or would question his integrity." This remark from a citizen who has not always agreed with the Governor, tells what everyone in Michigan knows about Wilber M. Brucker. We know that he is honest, hard-working and sincere. He will not "trim" or hedge to gain political advantage.

Wilber M. Brucker fought his way forward from a boyhood of "hard knocks" to the governorship with rare courage. He was and still is "the poorest man ever to hold the governorship of Michigan." But he has demonstrated the same courage and determination on behalf of the people of Michigan as he previously showed in fighting his way to the State's highest office. He is a governor of the people—and the people cannot afford to lose a public servant of his ability, his integrity, his courage.

BRUCKER

\$6,000,000 taken from the State Budget This Year—A Reduction From 29 to 23 Millions. For this, it is conceded, "The Governor Is Entitled To Most Of The Credit"

Official records at Lansing show that Wilber M. Brucker is Michigan's first governor in over 60 years to reduce taxes during his first term in office. The reduction of six million dollars in State costs may not be fully realized until this winter's tax statements are issued. But it is **ALREADY ACCOMPLISHED**, under the forceful **LEADERSHIP** of Governor Brucker. It is important that he be retained to continue and fulfill his program for Michigan.

Works--Not Words

Performance--Not Promises

Wilber M.

BRUCKER -- "For A Better Michigan"
