In the Spirit of Fair Play I Want You To Know the

WHOLE TRUTH

About the Probate and Juvenile Office: THE TRUTH IS, that the present Probate Judge CONSENTED to a 10% salary reduction only after being requested to do so by county officials. THE TRUTH IS, there never was a need for a second Probate Judge in Oakland County. THE TRUTH IS, according to information from the Board of Auditors office, that the conveyance of children to the University Hospital is done WITH A COUNTY OWNED CAR, by a County employee at the Taxpayers expense.

THE TRUTH IS, that real economy will begin in the Probate Office when all unnecessary expenses are eliminated. True, the work has increased but it is also true that salaries have been materially increased. In addition, modern methods and modern office facilities have made the handling of the work easier. Records of the Auditors office show that the total expenses of the Probate division have steadily INCREASED, not decreased since 1929.

THE TRUTH IS, that the Probate and Juvenile office has six more employees than 20 years ago.

FOR HIS FIRST TERM

Respected citizens from every community are supporting Sam Patterson for Probate Judge. His 30 years of specialized practice in Probate work and his freedom from any political connections make him eminently qualified.

A FINAL MESSAGE TO VOTERS FROM **Bernard F. ("BERNIE") SCHRADER** DEMOCRAT NOMINEE FOR **SHERIFF**

To the Voters of Oakland County.

As the Democratic Nominee for Sheriff I wish to offer first my experience and qualifications for that office.

Seven years Police experience, during which time I held the ranks of Patrolman, Sergeant, Lieutenant, and Chief of Police, also Organizer of Police and Fire Departments and Chief of both until my service was solicited by the present Sheriff to become Chief Deputy Sheriff in charge of Southern Oakland County, the position I held for the Past five years, or until I became a Candidate for Sheriff, the Sheriff then discharging me.

If elected to the Office of Sheriff of Oakland County I offer to the people:

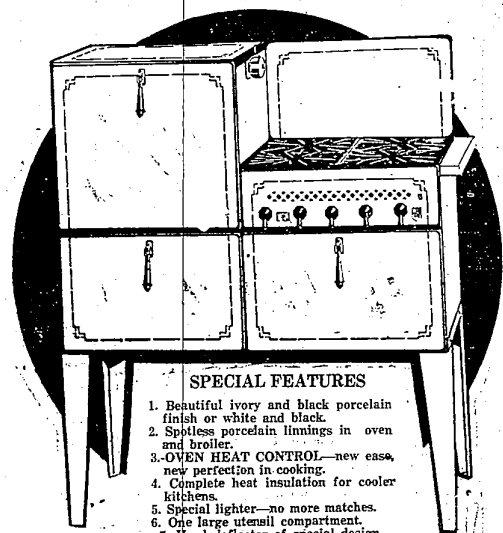

- A complete and constructive re-organization.
- Full co-operation with other Departments.
- Equalization of Pay.
- Abolition of Third Degree Methods and
- Establishment of a Radio Zone Patrol for the Outlying Districts.

This Radio Zone Patrol may be installed in the Sheriff's office and in six Sheriff's cars for the nominal cost of \$1,400.00, or a trifle more than half the yearly salary of one Deputy Sheriff. This Radio Zone Patrol would give to the farmer and outlying districts a service from two to ten minutes, due to the fact that the officers will be on the road patrolling their particular zones.

Due to the drastic cut in the Sheriff's budget, and the cut in the personnel of the department, a Radio equipped department is the only possible solution of the problem of giving adequate service.

Again I offer my combined knowledge of Police and Sheriff's work in seeking this office, and hope to merit your support in the coming November 8th election.
