RU Dominates Loop All-Star Selections

Redford Union High's footballers didn't win the Suburban Eight League championship, missing out by a lone loss to Allen Park, but some idea of the strength of the Panthers comes from the annual selections for the all-league offensive and defensive teams.

In the voting, no coach is permitted to select players from his squad.

RU RECEIVED three first team berths on the first offensive team, five on the second, four on the all-league defensive unit and four on the second team.

Champion Allen Park

received two spots on the first offensive team and one on the second. The Panthers took three spots on the second offensive team.

Second team spots went to

and Dean Naudi, middle guard Mike Barker, linebacker Tom Burk and defensive back Bill Petch.

Plymouth placed end Ron Egloff on the first offense team and Bentley's Ron Reardon was placed at tackle.

Reardon also won a spot on the first defensive team along with Bob Harteg of Plymouth as a middle guard.

The selections:

Turf Tips, Quips

By Doc Minard

Judging from the figures for the 90 day meeting at Hazel Park, which ended Saturday night, the summer-fall meeting, that was known from the moment Racing Commissioner Leo Shirley extended dates for each of the running tracks from 90 days to 120.

But none had any idea that many of the major stables, most of which made Detroit their home for the entire spring, summer and fall, would decide to go elsewhere where the purses are better.

There are a couple of answers...each track should look around for a top racing man who can induce stables to come in, a person who is busy throughout the winter rounding up stables from the southland.

From our viewpoint, neither track has that type of an individual. Each has a director of racing but one wonders whether either is doing the job that must be done for Michigan racing.

Judging from the caliber of horseflesh that appeared on the scene this year, either track could have done just as well by sending out condition books and stall applications and forget about personal representatives.

That doesn't bring in the best...as was clearly shown.

WHAT DOES harness racing mean to a community such as Northville...harness racing means to a community such as Northville.

Aside from the benefits of merchants and owners of eating places derive from the thousands of nightly visitors, the city picked up a total of \$18,167 from the state for its share of the state's take from the mutual handle.

Under guidelines set by the Legislature, a city in which a track is located is eligible for 20 per cent of the state's share of the wagering with a ceiling of \$600,000.

Naturally, Northville isn't in a position to receive the maximum which goes only to Hazel Park and Livonia but \$18,167 is a big boon to the city's treasury.

There'll be another check forthcoming from the current

Jackson-Northville meeting which ends Dec. 18. Incidentally, while on the subject of Jackson-Northville, did you note that Jackson beat Windsor in business on Friday and Saturday for the second straight weekend.

Jackson was \$50,000 ahead of Windsor Saturday and the only complaint came from President and General Manager Leon Slavin who was hoping for a \$400,000 night and fell \$13,000 short.

There isn't any question that Jackson will go past \$400,000 in the near future, perhaps this Saturday.

Ski Heil By BILL CAMERON

Good news for skiers - Mt. Brighton will open for business Dec. 6. Gene Hill, congenial owner of the area, made this announcement at the Ladies Ski Day Registration and Fashion Show at the Livonia Family Y last week.

Instead of beginning our program on Jan. 6 as originally scheduled, the first session will be held on Dec. 16 at Mt. Brighton.

For those of you who have never been on skis, an orientation session will be held at the "Y" at 10 a.m. on Wednesday, Dec. 8. We'll discuss skis, bindings, clothing, etc., and I'll even show you how to get up after you fall down.

Remember we ski from 10 a.m. to 2 p.m. each Thursday. Equipment rental, tow fee and lesson are \$6 for those registered in the program. Sign up now at the Y. registration fee \$3 for Y members, \$5 for non-members.

Those of you who attended the fashion show were treated to a delightful display of ski clothes furnished by the Viking Ski Shop. Ski clothing certainly flatters the figure,

although the gorgeous models we had would have looked good in anything.

THE GALS WERE impressed by the apré-ski clothes designed and made by Northville's Bud Shelton. Bud, as he pretends to be called, is just a "country boy from Kentucky," who has never been to a ski area, much less on skis. He accepted the challenge of designing 12 after ski outfits and worked so hard at it, that he came down with the flu the day of the show. He may call his shop the Rag Man Shop, but this is a very talented man.

DEADLINE FOR the Jan. 7-9 ski weekend at Timberline is Wednesday, Dec. 8. Bring your tennis racket and bring your skis. Three couples to a condominium and meals and lift fees included. Call 261-2161 for more information.

Don't forget the A.Y.H. movie at Ford Auditorium next Wednesday at 8:30 p.m. Warren Miller will show his latest movie, "any snow, any mountain." The A.Y.H. series has traditionally been the kickoff for the ski season. See you all there...

ONE MILLION DEER BY 1980? That's what the State Dept. of Natural Resources hopes to achieve by initiating "deerland farming" to produce more deer food. Hopefully, Michigan's dwindling deer herd, now estimated at 400,000, will be more than doubled in the next 10 years as the result of the accelerated program of tree cuttings and other deer habitat improvements. Much of the habitat work will be carried out on a year-round basis, instead of mainly during the winter as it was in the past. Funds for the program to provide whitetails with a "full cupboard" are derived mainly from the state's recently boosted deer license fees.
