The School Review

Written and Edited by Members of Farmington High School Sophomore English Class.

HIGH SCHOOL SOFTBALL TEAMS ORGANIZED

Under the direction of Curtis Hall, the athletes have been drafted and organized into a softball league. The teams, each under the supervision of one of the faculty members, are scheduled to play two games a week and at the end of the season the teams will play in a playoff for the championship.

THE FIRST GRADE

This year, the first grade has had all the fundamentals due to lack of time. They have a school library and each pupil checks out the books they wish and take them home and read them. They are also able to read the most books.

SECOND GRADE

The second graders have completed their study readers and seven other books and are now reading a new book. They report that they like their Weekly Readers and have nearly finished

THIRD GRADE

At the beginning of the school year the pupils studied about the African Jungle. They wanted to know how life in the jungle differed from our lives. They drew pictures and read stories. They planned an exhibit table and brought pictures. They made clay animals for it, too.

FOURTH GRADE

The pupils like geography better than any other class, they report. To study it they have used texts, story books, other geographies,

FIFTH GRADE

The fifth grade has completed addition, subtraction, multiplication, division of fractions, linear, liquid, and dry measures. At the present time it is studying problems covering the year's work. The reading books completed are Elson Basic, Elson V. Child Library and Child Story Reader. The Beginnings, and Tales from Far and Near. One period each week is devoted to Weekly Readers. One Chapter of Longfellow's "Hiawatha" was memorized for required reading lessons.

SIXTH GRADE

At the first of the year in arithmetic class the pupils were studying on fractions which they studied quite easy. After they had fractions for a month they started decimals. This work included addition, subtraction, division and multiplication. After that they studied percentage, and later compound quantities, such as feet and inches. The "A" Class is through the red book and are working in their pads.

SEVENTH GRADE

The "Study Readers" have offered for public in speed tests, comprehension and memorization. In addition, the pupils have studied "The Weekly Reader." It is a small paper telling about Current Events, and also containing puzzles.

EIGHTH GRADE

The geography book which is entitled "Human Geography" stresses man as the center about which all geography circles. The study this year began with North America as a whole, United States and some of its dependencies in detail. The latter part of this year is being given over to the study of the South America. Last fall the pupils made cotton booklets with pictures and stories. They made on white paper with ribbons or tape to hold them together. When they were finished they were put up on one side of the room.

NINTH GRADE

In hygiene they discussed the proper kinds of foods for gaining and losing weight, noted the proper care of teeth, action and uses of the blood and its relation to the breathing systems. The remainder has been largely a study of prevention of diseases. Nearly everyone has gone through the Penmanship book twice and some have written certain plates many times.

their "Wig Wag" books. They have learned to add, subtract and "carry." They listen to stories and then play them. They learn new spelling words each day, have a grocery store in their room and enjoy playing store; talk about world news events every morning.

ONE OF THE OTHER INTERESTING THINGS THEY HAVE STUDIED WERE THE PIONEERS WHO SETTLED AROUND FARMINGTON. THEY TRIED TO LEARN SOMETHING OF THE HISTORY OF OUR OWN CITY AND WHERE IT GOT ITS NAME.

THEY HAVE JUST FINISHED THE HISTORY OF HOLLAND. SOME OF THE BOYS AND GIRLS FOUND COLORFUL PICTURES AND INTERESTING STORIES ABOUT THE LIFE OF THE HOLLANDERS.

THEY HAVE STUDIED MOUNTAINS, IMPORTANT INDUSTRIES, EXPORTS, IMPORTS, POPULATION AND RAINFALL IN EACH COUNTRY.

THEY HAVE STUDIED NOUNS, PRONOUNS, ADJECTIVES, VERBS, ADVERBS, DIRECT AND INDIRECT QUOTATIONS, DICTIONARY WORK AND ALPHABETIZING. SPELLING LESSON REQUIRES THESE FOUR STEPS:

- 1. Markings found in dictionary only. 2. Meaning. 3. Use in sentence. 4. Written five times each.

A penmanship book has to be made by each pupil before the end of this term and each lesson corrected before placing in the book. Ten flowers have to be drawn, pressed and analyzed before June.

Flowers, birds and Japanese pictures have been drawn and correlated with daily work.

THE "STUDY READERS" HAVE OFFERED FOR PUBLIC IN SPEED TESTS, COMPREHENSION AND MEMORIZATION. IN ADDITION, THE PUPILS HAVE STUDIED "THE WEEKLY READER." IT IS A SMALL PAPER TELLING ABOUT CURRENT EVENTS, AND ALSO CONTAINING PUZZLES.

THE GEOGRAPHY BOOK WHICH IS ENTITLED "HUMAN GEOGRAPHY" STRESSES MAN AS THE CENTER ABOUT WHICH ALL GEOGRAPHY CIRCLES. THE STUDY THIS YEAR BEGAN WITH NORTH AMERICA AS A WHOLE, UNITED STATES AND SOME OF ITS DEPENDENCIES IN DETAIL. THE LATTER PART OF THIS YEAR IS BEING GIVEN OVER TO THE STUDY OF THE SOUTH AMERICA.

LAST FALL THE PUPILS MADE COTTON BOOKLETS WITH PICTURES AND STORIES. THEY MADE ON WHITE PAPER WITH RIBBONS OR TAPE TO HOLD THEM TOGETHER. WHEN THEY WERE FINISHED THEY WERE PUT UP ON ONE SIDE OF THE ROOM.

IN HYGIENE THEY DISCUSSED THE PROPER KINDS OF FOODS FOR GAINING AND LOSING WEIGHT, NOTED THE PROPER CARE OF TEETH, ACTION AND USES OF THE BLOOD AND ITS RELATION TO THE BREATHING SYSTEMS. THE REMAINDER HAS BEEN LARGELY A STUDY OF PREVENTION OF DISEASES.

NEARLY EVERYONE HAS GONE THROUGH THE PENMANSHIP BOOK TWICE AND SOME HAVE WRITTEN CERTAIN PLATES MANY TIMES.

encyclopedias, movies, maps and weekly readers. They have made sand table scenes and posters. They have acted plays and put things on the bulletin boards; have used work pads all year. The people they read about were Eskimo, North American, Indian, Indian of India, Dutch, Canadian, American, Central American, Mexican, Hawaiian, Filipino, Chinese, Japanese, and South American.

FIFTH GRADE

The fifth grade has completed addition, subtraction, multiplication, division of fractions, linear, liquid, and dry measures. At the present time it is studying problems covering the year's work.

The reading books completed are Elson Basic, Elson V. Child Library and Child Story Reader. The Beginnings, and Tales from Far and Near. One period each week is devoted to Weekly Readers. One Chapter of Longfellow's "Hiawatha" was memorized for required reading lessons.

Six of the twelve required books for the ensuing year are: Alice in Wonderland, Peter Made Good, French Dutch, Belgian Twins, and the King of the Golden River.

The Continenters studied are South America, Europe, Africa and Asia: Special emphasis on France, Spain, Italy, Japan, China and India. Reports, a written work on home life, traditions, food, clothing, transportation, education products, cities, rivers, mountains, important industries, exports, imports, population and rainfall in each country.

They have studied nouns, pronouns, adjectives, verbs, adverbs, direct and indirect quotations, dictionary work and alphabetizing. Spelling lesson requires these four steps:

- 1. Markings found in dictionary only. 2. Meaning. 3. Use in sentence. 4. Written five times each.

A penmanship book has to be made by each pupil before the end of this term and each lesson corrected before placing in the book. Ten flowers have to be drawn, pressed and analyzed before June.
