Gremlin Subcompact Offers V-8 for '72

American Motors' Gremlin, first of the U.S. subcompacts, offers a 304 CID V-8 engine package for 1972, and a new "Torque-Command" automatic transmission. The 96-inch wheelbase Gremlin will be available as a four-

passenger model only, with rear liftgate window and fold-down rear seat. Flip-open side windows, a stowage shelf for small parcels, snap-on map pouches for side doors, bucket seats and sliding sun roof are options. A 232 CID six is the standard engine.
