City Interceptor Is Among 7 New Projects

(Continued from page one)

Warner avenue from Grand River to Shiawase, to replace line which has been unable to handle drainage, an 18-inch job; rebuilding 400 feet on Oakland Avenue west of Warner, 12-inch line to replace old sewer; building of interceptor line from Power avenue at the creek, eastward along creek and Grand River to bridge, thence south to disposal plant site (this is designed to comply with State Department of Health requirements, to pick up dry weather flow from all outlets in town and carry to chemical plant).

The school ground project, No. 158, consists of cleaning out a section of the athletic field for a skating rink, building of a bridge across the creek and a stairway up the bank to the school yard, and the planting in various places in town of 100 trees donated by Mayor Warner. The skating rink work is already under way. Painting of the school interior and outside woodwork is project No. 157.

Act Promptly When word reached City office last week that there was still some CWA money available, Emory Hatton, Sewer Commissioner, and Mayor Warner made a hasty survey of the town. Within an hour the outfits were on the way to Pontiac, whence they were rushed to the State Capitol. Tuesday it was learned that 100 men were to report for work on Wednesday morning. City officials and employes hastened to Pontiac with the City truck, obtained 100 sets of tools from the County storage plant, and made ready to receive the men. The men were put to work shortly after they arrived the next day, on Brookdale and Power sewers and the school grounds.

MICHIGAN FARM CROP VALUES ARE REPORTED HIGHER

Lansing—Michigan farmers are in a definitely better condition in regard to farm crop values and increased purchasing power than they were a year ago, a report released today by the statistical department of the department of agriculture, shows.

Figures from monthly production reports ending October 15, 1933, and October 15, 1932, show a 27 percent increase in farm crop values for the current year in the state of Michigan.

The price raise in commodities the farmer has to buy is indicated in Michigan as 9.4 percent increase over last year which leaves a net increase in purchasing power for the farmer of 17.6 percent.

In many instances the production for the monthly period was less this year than a year ago and still the enhanced farm prices placed the 1933 crop more valuable than the 1932 crop.

Prices for farm products for November according to the monthly compilation now in the making, which will show a continued advance in the matter of better price conditions.

Picking seven farm products at random and the average price as of November 15th, the following list shows the trend: Beans, \$1.05 cwt, 1932; and \$2.35 cwt for 1933. Wool, 10c lb for 1932 and 28c lb for 1933. Corn 28c bu. for 1932 and 47c for 1933. Wheat, 38c bu. for 1932 and 77c for 1933. Hogs \$3.20 cwt for 1932 and \$3.75 cwt for 1933. Oats, 17c bu. for 1932 and 35c bu. for 1933. Potatoes, 22c bu for 1932 and 55c bu for 1933.

Ministers Assist in Christmas Seal Sale

Ministers of all sects in Farmington and vicinity were asked to include a special announcement in their programs on Sunday, December 17, by the Michigan Tuberculosis Association this week.

"It is of the utmost necessity that some return be made for the tuberculosis Christmas seals sent through the mails recently," the announcement reads. "Any amount which you return for the seals

Help Us—Please

When the post-office notifies a newspaper or a magazine of a subscriber's change of address, each such notice costs the publication two cents, plus the postage on the misdirected issue. This new rule has created an additional expense to all newspapers.

Enterprise readers can materially aid us in holding down our mailing expense by notifying us direct in advance when planning to make change of address, or if this cannot be done, then as soon after the change is made as possible.

sent you will go directly to help in the discovery and prevention of this disease menace and to reduce the number of deaths caused by it." Clergymen in all parts of Mich-

igan agreed with the Association that the Christmas seal has embodied the very spirit of Christmas in the work of discovery and prevention of tuberculosis which it does all the year 'round.

Pleasant Greetings

Just as we take pleasure in greeting and serving you throughout the year, so at this season we are happy to extend to you our good wishes for a happy holiday time.

We thank you for your good will that has given us a successful year, and look forward to serving you again throughout 1934.
