Stamann Authorized To Improve Cemetery

A great cause for complaint will soon be removed when the improvements on the eastern boundary of the Oakwood Cemetery are completed.

Fred Stamann, Commissioner of Parks and Cemeteries, will spend about \$125 on the improvements which will be made on the cemetery. They will consist of new fenceposts, fencing, and other repairs. If necessary, a new fence will be made to replace the present one. Landscaping will be done after the growth of weeds has been removed from the base of the fence.

The repairs will come as a worthy improvement, one that has long been needed to restore the original beauty of the cemetery.

Fire At Gas Station Causes \$150 Damage

A fire last Thursday evening at 6 o'clock destroyed equipment and property to the extent of \$150 at a gasoline station operated by Harold Chamberlain at 28730 Grand River.

Vincent McDonald, station attendant, escaped injury when a spark from an electric switch attached to a gasoline pump ignited the pump. The flames destroyed an electric motor and two pumps as well as other equipment before they spread to the building.

The prompt arrival and action of the Farmington Township Fire Department prevented the flames from completely destroying the building and from spreading to the adjoining property. Damage to the building was slight.

At the time of the fire, Chamberlain was at home suffering from an injured foot. The property is owned by Mrs. Nettie Kenyon, 25744 Grand River.

The fire at the gas station is the first of a serious nature that has occurred in many months. The last fire which necessitated the summoning of the City Fire Department happened May 21. Frequent rains have prevented the occurrence of many grass fires.

BINGHAM-BINGHAM

In the setting of palm, ferns and garden flowers, Miss Doris E. Bingham became the bride of Joe C. Gravin at 8 p. m. Saturday. The bride is the daughter of Mr. and Mrs. Glenn Bingham and Mr. Gravin is the son of Mr. and Mrs. Charles Gravin, of the Thirteen Mile Road, Rev. L. Earl Jackson, of the Baptist Church of Birmingham officiated. The bride's maid was played by Miss Leone Bingham, a sister of the bride.

A white tulle gown with diagonal stripes of net, and a jacket of white tulle was the bride's attractive costume. She had a bouquet of pink tulle roses and a few red, tied with pink tulle ribbon. She wore a coronet of white gardenias.

Her sister, Miss Lucille, was bridesmaid. Her gown was of yellow satin striped organza, trimmed with yellow net. She carried yellow tulle roses and a few red tied with green tulle ribbon. Edward Messall, of Farmington, a school mate of Mr. Gravin, was the best man. Only immediate families were at the ceremony.

A reception was held in the bride's home later. Mrs. Gravin wore an orchid dress with white accessories as she started on a brief wedding trip.

The couple will live at the Thirteen Mile Road and Northwestern. Pre-nuptial affairs for Mrs. Gravin were given by her aunt, Mrs. S. D. Bingham, of North, Miss Mabel Gravin and Mrs. Howard Case.

FORMER TEACHER WED AT TRAVERSE CITY

Miss Ruby Irene Monroe, daughter of Mrs. F. J. Henrick of Traverse City and Donald M. Hinchaw, son of Mr. and Mrs. Frank Hinchaw, were united in marriage Saturday evening at seven o'clock at the First Congregational Church, Traverse City, with the Rev. Dennis Cochlin officiating.

The bride was attractively dressed in white organza and carried a bouquet of snapdragons and allium roses. She was attended by her sister Mrs. Helen Monroe Pittelco. The groom was attended by his brother, Wilfred Hinchaw. Following the ceremony a wedding dinner was served at the home of the bride's mother, where places were marked for sixteen guests at a prettily appointed table centered with a wedding cake and lighted with tall pink tapers.

The bride is a graduate of Traverse High School and Western State Teachers College at Kalamazoo, and for the past several years has been a teacher in Clarencville School.

Mr. Hinchaw attended Michigan State College and is a graduate of Alma College.

Mr. and Mrs. Hinchaw will reside at Traverse City.

FRIENDS MEET AFTER ABSENCE OF 54 YEARS

On Monday, Mr. W. D. Irish called on Mr. L. A. Stele of Linden, who has been a jeweler and watch maker for 54 years in that pleasant, peaceful town located on the Shilawassee River. Mr. Irish and Mr. Stele had not seen each other since 1881 consequent the return home was spent in pleasant reminiscence of days gone by when Mr. Stele lived in Franklin with his people and became an adept repairer of the farmers tools and equipment. Mr. Stele's home and quaint shop are located close on the bank of the Shilawassee River where a rustic bridge and water wheel which Mr. Stele's has made may be glimpsed through the willows that line the bank. A rock garden which is the pride of both Mr. and Mrs. Stele is a riot of color and loveliness.

HOME CANNING TO BE SUBJECT OF LECTURES

At the present time, many Oakland County housewives are busy adding to the family pocketbook by preserving fruits and vegetables for winter use. Mrs. Leona Macleod Home Demonstration Agent for the Cooperative Extension Work in Agriculture and Home Economics, will give a series of canning demonstrations as follows: Monday July 15, at Rochester High School; Tuesday, July 16, at Farmington Evangelical Church; Wednesday, July 17, at Big Beaver High School; and Friday, July 19, at Clarkston High School. All lectures will begin at 1:30 in the afternoon.

All types of home canning will be discussed including water bath, oven, and pressure cooker methods of processing. Time saving suggestions and the latest information concerning prevention of spoilage will be given. All women interested in home canning are invited.

Newspapers Criticized By Judge Fred S. Lamb

(Continued from page one) the newspapers press "all out" for the discovery of crime. From time immemorial the press investigation has been considered a secret probe to determine whether or not there is any basis in fact for rumors and other circumstantial evidence of the violation of law. It was intended that such an investigation should degenerate into furnishing entertainment for the gratification of mass curiosity at the expense of the presumably good name and fame of the individual or individuals under suspicion.

"The activity of the press in this connection may be an exhibition of up-to-date journalism. If it shall be so characterized, then the less we are subjected to it the better it will be for all concerned."

LOCALS

Mr. and Mrs. Lloyd Casey and daughter Alice Marie, of Detroit, were the guests of Mrs. Bertha Wetphal, Sunday.

Mr. and Mrs. Edwards and son of Detroit spent Sunday as the guests of Mr. and Mrs. James Sawyer.

Mrs. Treanna Banks called on her sister, Mrs. Joseph DeVriendt, Monday evening.

Norma Steiner of Flint is spending a few weeks at the home of Mr. and Mrs. William Eckler.

Mrs. Lloyd Guller is leaving Thursday to spend a week in New York.

Ronald Grimwade has been spending the past three weeks at the home of his grandparents, Mr. and Mrs. A. J. Grimwade.

Mr. and Mrs. John Wahn of Plymouth entertained Thursday evening at a miscellaneous shower in honor of Mrs. Margaret Turner, whose marriage to Clarence Nelson, is planned for late July. About 30 guests enjoyed an evening of bridge and buncos, following which luncheon was served. The couple received many lovely gifts.

Mrs. Margaret Catterman has been visiting her daughter, Mrs. Joseph DeVriendt.

Mrs. T. E. Allen and Miss Sadie Hickey spent Wednesday with Mrs. Arthur Atchison, of Royal Oak, the occasion being Mr. Atchison's birthday anniversary.

Mrs. Dean Parker was the week end guest of her son, Rev. Dean Parker and family, of Keego Harbor.

Miss Dwayne Murphy, Mr. and Mrs. Wilburn Murphy and Mr. and Mrs. Wilbur Johnson, attended the ball game at Navin Field, Saturday afternoon.

Mr. and Mrs. Clayton Gaylord, Mr. and Mrs. George Gaylord and Mr. and Mrs. Belknap enjoyed a pot luck supper at Casa Denton Park Wednesday evening.

The annual Conference of the Methodist Episcopal Church which has been in session in Bay City, closed on Monday of this week. Rev. Frederick A. Lendrum was appointed pastor for the ensuing year.

Joseph A. Kirtle, formerly of Farmington, has accepted a position as salesman with the Detroit Brewing Company.

Mrs. Carl Utley is in Pontiac General Hospital following an operation for appendicitis last week.

Mr. and Mrs. Amos Quid entertained at the Olin family reunion held at Walled Lake, Sunday.

The Farmington Baptist Church extends to the people of this community a cordial invitation to their reception for their new pastor, Rev. Gilbert Miles and his family, to be held on Friday evening of this week, July 6, beginning at 8 o'clock.

More than 6,000,000 people are expected to visit San Diego, Cal., between the end of May and the middle of November to see the California Pacific International Exposition, where they will behold many hundreds of interesting, educational and scientific exhibits. Among the exhibitors is the Bell Telephone System, displaying some of the marvels of the transmission of the voice over great distances by wire and radio telephone.

America's 1935 "world's fair," the California Pacific International Exposition, opened last May in San Diego, Cal., and continues well on into November. Occupying several hundred acres in Balboa Park, the exposition overlooks San Diego Harbor and is located conveniently to the center of the city.

Already in the park are many magnificent buildings, some of which have been acclaimed the finest examples of Spanish Renaissance architecture in America. In them and in nearly 50 others are housed exhibits from all parts of the world, telling the story of man's achievements.

A Complete "World's Fair" To the lover of gardens, the Park will prove a paradise. Growing things surround and in some cases almost blanket the buildings. Climbing the carved arcades will be seen roses, jasmint, and clematis. Truly a feast for the eyes, in this California Pacific International Exposition.

All phases of development are represented in the Exposition. The exhibits of commerce and industry, among the most striking in the exposition, show methods as well as products, illustrate how things are done, as well as what is done. The tremendous changes which have taken place in industrial life with the advance of science are not only depicted, but dramatized, and are compared by contrast with the past and what is expected for the future.

In addition to the commercial and industrial exhibits of America, there are displays from various parts of the Old World and the New; art and commodities from Mexico, products and relics from the colorful South America, unusual creations from Japan, old and new features from China. The allure of travel and the progress of manufacturing progress are depicted by Australia and New Zealand. From Fiji and other picturesque isles of the Pacific come new wonders. The nations of Europe have banded together to display their varied achievements in a vast picture of international progress.

Scientific Marvels Exhibited Among the many scientific exhibits having both general interest and educational value is that of the Bell Telephone System.

The exhibit centers on the concept of the "telephone voice," with three demonstrations. One is an oscilloscope permitting a visitor to see the wave form of his own telephone voice. Another allows him to hear over the telephone exactly how his voice sounds to others when he is telephoning them. The third exhibit is a demonstration of inverted speech, showing how privacy is introduced into radio telephone conversations and the peculiar and unintelligible sounds which represent a radio telephone message in transit over the ocean.

Milk Controls Your Weight You can control your weight by drinking varying quantities of milk. The low calorie content of milk makes milk a nutritious food which should be included in a well balanced diet. To reduce your weight and to maintain good health, drink a pint of milk a day.

A diet for increasing your weight will include foods which contain extra calories. Milk is one of the easiest foods to add to the diet because it can be taken in many forms.

Oil-Producing States

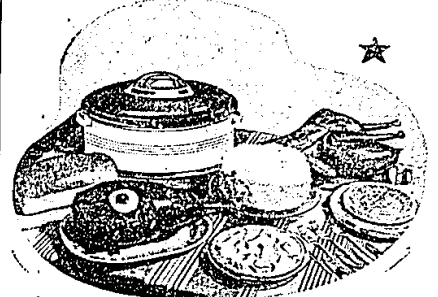

There are 22 oil-producing states. They are: Arkansas, California, Colorado, Illinois, Indiana, Kansas, Kentucky, Louisiana, Michigan, Mississippi, Missouri, Montana, New Mexico, New York, Ohio, Oklahoma, Pennsylvania, Tennessee, Texas, Utah, West Virginia and Wyoming.

There are at least 44 species of the cactus family growing naturally east of the Mississippi River, says a New York Horticulturist.

"Keeping Room"

The forerunner of the modern living room was known in Colonial days as the "keeping room" or "sitting room." Its paneled and painted walls, beamed ceiling and wide board floor scrubbed white or painted set the style for many a living room today. The keeping room was sometimes the great kitchen, but generally it was the best room in the house, placed in front of the kitchen.

DUTCH OVEN SUSAN cooks All foods BETTER from ANY convenience outlet!

You're a delicious treat for you when you taste your food cooked in Dutch Oven Susan. Perhaps you'll have roast turkey, or a honey ham, or maybe a vegetable dinner... but whatever it is, you'll thank your lips and declare it's the best food you ever tasted! Dutch Oven Susan brings you genuine electric cooking with sealed-in flavor, at surprisingly low cost.

This modern appliance can be plugged into any convenience outlet, and it will roast all cuts of meat to perfection; it will fry eggs, steaks, chops, etc.; it will bake cakes, pies, cookies, biscuits and muffins; and it will hold half-a-dozen pint jars when canning by the cold pack, hot water bath method. It uses only about as much electricity per hour as an electric toaster, and is so compact that it can be tucked away in a corner almost anywhere.

You can put a whole meal for a family of six—two vegetables, a roast, potatoes and gravy—in this cooker, and go out for the afternoon. When you come home

your dinner is waiting, perfectly cooked—plump hot and ready for the table. Dutch Oven Susan is available in several styles and sizes—none to fit your needs exactly. The medium size model will roast a 10-pound ham, a 6-pound chicken, or a large leg of lamb. The large size will easily accommodate a 15½-pound turkey. And there is "Small Sister" Susan, an electric casserole, with a two-quart capacity. See this modern appliance at all Detroit Edison offices, Department Stores and Electrical Dealers.
