Twelve Southern Weather Bureaus Linked to Give Hurricane Warnings

Tex.; New Orleans, i.a.; Monlie, Ala; Pensacois, 1 amps, key West, Milami, Jacksonville, Fiz.

Weather bureaus in a dozen cities in four southern states are now general states and state of the state o Weather bureaus in a doren cities in four southern states are now linked together by teletypewriters an an improved burricane warning service. Heretofore it has often been difficult to find the center, intensity, and direction of hurricanes in the Caribbean Gean and Gulf of Mexico because ships, upon whose reports the weather bureau must rely, naturally avoid the path of the storm, Now these twelve weather bureaus are organized into a connected series of reporting stations. Their reports, together with reports received from vessels, give accurate indication of where barometric pressure, is low, where it is

As the yeamore Tree
As the trunk and branches of the
ascamore tree hicroses in diameter
the Inndequate bark, instead of
cracking longitudinality, shoughs off
in irregular patches, teaving the
tree strangely marked as though
planted for martial camouflage.

Has Most River Mileage
The state of Nebruska has more river manage than any other state, according to Gattoor Nebruska, official publication of the Nebruska commission.

Iron Cause of Rosy Cheeks
Rosy cheeks are due to Iron with
a trace of manganese and copper,
and when the Iron fades, rosy
cheeks fade, according to Sir Frederick Keeble, a London scientist.

Rabbit Hairs 1,500 Years Old Hairs from clothing worn by peo-ple inhabiting the Southwest more than fifteen centuries ago were identified as those of rabbits by a biologist.

"Stone Coal"

The first coal from Hocking Valley in Ohio was-celled "Stone coal"
by the blacksmiths, to distinguish it
from charcoal.
