Dr. F. D. Adams of Oak Park, Illinois will conduct services at the Universalist Church, Thursday, February 3 at 8 p. m. All are invited. Topic, "The Quickening Breath."

SHIRLEY TEMPLE BRINGS 'HEIDI' TO REDFORD THEATER

For the second week in a row, the Redford Theater features a great book that was made into a great picture. Friday through Monday beloved Shirley Temple brings to life the famous "Heidi" with Jean Herscholt playing the part of Adolf Kramer, the girl's grandfather.

The role is probably the best adapted role to little Shirley's personality that she has starred in so far and Herscholt finds the grandfather role quite natural. A splendid cast of supporting actors help to make "Heidi" one of the most pleasing pictures of the year.

The second feature of the bill brings, Eddie Cantor, who needs no introduction in his laugh riot "All Baba Goes to Town." This is said to be Cantor's funniest role.

The double bill from Tuesday through Thursday is "Sophie Lang Goes West" and "Danger, Love at Work."

Free silverware is given to ladies Thursday evening.

Aerial Photography To Feature Program

Aerial photography will be the feature of the exhibit of the Agricultural Conservation Program at the Michigan State College during Farmers' Week, January 31 to February 4. Mr. Doan, Chairman of the State Committee, reports that this type of survey has been completed in eight Michigan counties.

The exhibit will feature the method used in making the aerial photographs, preparing county maps from the photographs and how land area is measured on the maps.

Flying conditions must be good and the sky perfectly clear for this aerial photography work. The specially built plane works at an altitude of nearly three miles. During 1937 in Michigan there were only 59 hours between June 1 and November 1 when weather conditions permitted this work.

HOLD PENNY SUPPER

A penny supper will be held Tuesday, February 1 at the Methodist Episcopal Church. Dinner will be served from 5:30 on.

Letters to the Editor are always welcomed by this newspaper.

Improved SPRAY MATERIAL

DOWSPRAY DORMANT

- ★ **MAXIMUM CONTROL**—Combats rosy apple aphid, early green aphid, San Jose and scurfy scale, bud moth, European red mite, pear psylla and black cherry aphid.
- ★ **LESS OIL PER TREE**—1 1/2 to 2 gallons Dowspray Dormant per 100 gallons of water is required, depending on the insects to be controlled. Less oil per tree, thus gives greater economy.
- ★ **NON-IRRITATING**—Absence of caustic provides complete safety to operators and equipment.
- ★ **GREATER EFFECTIVENESS**—Dowspray Dormant is effective against more insects than any other dormant spray available.

STANDARDIZE ON DOW SPRAY MATERIALS FOR BEST RESULTS

ARSENATE OF LEAD	BORAX	"NIKE" SULFUR
PARIS GREEN	(A Copper Fungicide)	PARADISE

ADVERTISEMENTS

Are Your Guides To Value

Experts can roughly estimate the value of a product by looking at it. More accurately, by handling and examining it. Its appearance, its texture, the "feel" and the balance of it, all mean something to their trained eyes and fingers.

But no one person can be an expert on steel, brass, wood, leather, foodstuffs, fabrics, and all of the material that makes up a list of personal purchases. And even experts are fooled, sometimes, by concealed flaws and imperfections.

There is a surer index of value than the senses of sight and touch... knowledge of the maker's name and for what it stands. Here is the most certain method, except that of actual use, for judging the value of any manufactured goods. Here is the only guarantee against careless workmanship, or use of shoddy materials.

This is one important reason why it pays to read advertisements and to buy advertised goods. The advertised product is worthy of your confidence.

Merchandise must be good or it couldn't be consistently advertised.
