

SNOW WHITE and the SEVEN DWARFS

Snow White and Dwarfs Are at Local Dairy

For a small price you can get a set of 10-ounce drinking glasses each glass decorated with one of the eight characters of Walt Disney's sensational Fairy tale of the films—"Snow White and the Seven Dwarfs"—plus eight glasses of cottage cheese at the Farmington Dairy.

Joseph Himmelspach, manager, said this featured sale would last about 10 weeks—just long enough for customers to get a complete set by coming in every week. He suggested that those who want the complete set should start buying now before the "Snow White" glasses, being sold for the second week, are gone.

The Rocketship Soars—At New York World's Fair

NEW YORK — (Special)—The dream of the mechanical age and perhaps the commonplace event of the World of Tomorrow—a trip to Mars in a rocketship—will be produced in tangible form in steel and glass when a model working rocketport is placed into operation at the New York World's Fair 1939.

Now being constructed by Raymond Loewy, industrial designer, the operating planet-line will be part of a free, focal exhibit in the

transportation section of the Fair. More than a thousand visitors will be able to see the show at one time. After an interesting, activated display of transportation from the day of the cave man to the present, illumination in the auditorium will be shifted to spotlight the rocketport.

Airplanes, liners, railroad trains and taxicabs of futuristic design, will bring passengers and twinkling elevators will begin loading the rocketship's cargo. When the

time comes for departure, sirens will sound, machinery will hum, a giant crane will lift the rocketship and place it in the breech of the gun and a brilliant flash and an explosion will indicate that the world-folk are off on a visit to another planet.

By means of an ingenious invention resembling the shutter of a camera, placed in the sky-calling, the audience will seem to see the rocketship vanish into the vast reaches of space.

Eighth Church of Christ, Scientist
Detroit, Michigan

"Man" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world Sunday, March 6.

The Golden Text, from Romans 8:14, is: "As many as are led by the Spirit of God, they are the sons of God."

Among the Bible citations is this passage (Genesis 1:27): "So God created man in his own image, in the image of God created he him; male and female created he them."

Correlative passages to be read from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 236): "Immortal man was and infinite expression of Infinite Mind, and immortal man is coexistent and coeternal with that Mind."

Eighth Church of Christ, Scientist, Detroit, cordially invites the public to attend its Sunday and Wednesday services, held at Redford High School. Hours and location is given in the church advertisement in this paper.

The hand of FRIENDSHIP

To reach for the telephone and call a distant friend... just for old time's sake... is one of those small but thoughtful acts which keep friendship alive.

It disproves the cynical saying, "Out of sight, out of mind." It is the very hand of friendship reaching across the miles. And it gives the person at the other end of the wire one of the pleasantest of all human emotions... the satisfaction of knowing that, although far away, he still lives in the heart of an old friend.
