# Ten'Rules for Correct Telephone Usage

### List Compiled for Business Users Has Helpful Suggestions for Everyone Who Telephones

What are the ten essentials of correct telephone usage?

The New York Telephone Company has prepried a list of ten such essentials, and while it is primarily applicable to business use, most of the information; it contains applies equally well to all users of the telephone. These ten points, which have been selected after a careful study of telephone usage for many years, are as follows:

are as follows:

Rule 1: Answer all calls promptly. Nothing is more irritating to the other fellow than waiting for you to

19. Acctuage is more an intensity of voice of the control of the c

with another employee, it may be best not to keep the customer wait-ing. If he wishes, take his number and call him back as soon as possi-ble.

and call him back as soon as possible.

Rule 7: When you have finished talking, say "Goodaye" pleasantly and replace the receiver gently. Don't end the conversation by slamming the receiver back and giving. That makes anything but a good impression.

Rule 8: When making a call, it is common courtesy and good business to remain at the telephone until connected. The person you're calling doesn't want to waste his time, bolding the line, until you are ready to

doesn't want to waste his time, holding the line, until you are ready to talk.

Rule 3: When away from your desk or office, be sure that someone will answer your telephone and know when you will be back owhere you can be reached. Otherwise, valenble time—cuit be liften—will be wasted.

Rule 10: Be courteous in all your telephone contacts, Don't Interrupt, argue, or he impatient. Listen attempted, and the surface of the property of the property your part. Show your interest by your part. Show your interest by your parts show your listened by your pleasant once the viewpoint. Hemember, when you're talking to a castomer, his impression of us is what you make it.

SPOTS BLAZE FROM TOP OF POLE, PHONES ALARM

While working on top of a telephone pole near the home of Dr. J. F. Gainer of Danville, Ill., the other day, John L Desmond, lineman for the felephone company, observed fames gaining headway on one wall of the house. Plugging in with his test est, Desmond telephoned the alarm. Firemen reconciled and estimated the house of the phone of the control of the phone of the
