Spelling Winner  
To Detroit

A trip to Detroit to enter the metropolitan spelling bee sponsored by the Detroit News, is the honor in store for Shirley May Pope. Shirley May, representing Bond school, captured first place honors in the district Junior High School spelling bee held at Farmington high school last Thursday afternoon.

Standing in competition with winners from 19 other schools in this district, Shirley May successfully spelled out every one of the 100 words. It was her correct spelling of the word "bouquet" which gave her the championship when Barbara Hudson, of German school, Shirley's last opponent, stumbled on it.

During the afternoon bronze medals won by the twenty contestants in the school contests were presented by Principal Robert Stewart, of Farmington Junior High school, about 200 people attended the bee.

Stewart presided as chairman for the contest. Miss Geraldine Rabe and Mrs. Edna McCaskill acted as judges, and Grady McKay was the pronouncer.

The Detroit Metropolitan contest will be held Friday, May 12, at the Coleman Hotel. The winner of this will go to Washington, D. C. for the national spelling bee.

pository for funds. Under our present day system of economics, the loaning function of a Bank is fully as important as its deposit feature.

The Bank in our community affords a personal loan service to applicants of good credit standing. Through this service many persons are helped over emergency and seasonal expenses.

It also makes business loans to the purchase of goods before they are sold. This gives merchants a good start and a chance to pay back the loan after sale.

Men have been able to carry on their business with normal investment through the aid of a Bank loan.

Finances Automobiles  
Our Bank finances the purchase of automobiles which has made available to users a good car with ready cash, and which also enables the purchaser through a secured loan to establish his paying habits and record for himself a good standing for future credit in other lines.

Under the national law the Bank is qualified and does make loans to property owners for the building of homes and the modernization of old houses. Through this service many people are afforded an opportunity to own a modern home and pay for it over a period of years.

In addition to making credit available to business through loans, the Bank renders many services through its different departments, which could not be obtained otherwise, without great difficulty and expense by the average citizen of our community.

The Commercial Department of our Bank affords to Business and the general public at large a means of conveniently paying out money from a checking account. At the
