

ciates, the necessity of passing through the county relief machinery. Projects, of the National Youth Administration have been designed to aid in solving the problems immediately facing young people, at the same time making allowance for the situations, they will face when they are adults. Since we men have traditionally occupied the position of homemaker, imany of the projects have been designed to conserve and develop the skills of young women in the domestic anti-sharp young women also are receiving work experience in commercial subjects, such as typewriting, shorthand; and bookkeeping imployment in offices and elsewhere in industry where this type of skill is valuable. The clerical projects operated as part of the NYA program have not only provided useful community service but have given many girls, their first opportunity to receive practical experience in the vocational field they have chosen.

There are also work shops and resident work projects for young men so that they may gain experience in the vocational merital training the offered to fit young the property of the property

FINDS LAD'S COINS HIDDEN IN BASE OF PHONE.

Telephane instruments senselimes are put to uses far afield from that for which they are intended. Frank E. Poeso; (telephane repairman at Palmer, Mass., removed a telephane repairman as endowner's prediction as endowner's manage into the received a measure in the telephane. He examined the transmitter and the bell box, but the telephane and the subscriber. There he was greeted by an anxious little boy. The youngster took the telephane from Mr. Peeso, got as erewdriver, and removed the base of the instrument. Inside was a handkerchief. from Mr. Peeso, got a screwdriver, and removed the base of the instru-ment. Inside was a handkerchief, neatly rolled, containing ninety-eight cents.
