The Twenty-ones on the New

Citizens, who have been receiving instructions for Citizenship Day May 19th, met with Mr. A. G. Leonard, Tuesday for their final plans. The interest shown by these young people has been a great inspiration to those working with them and to members of the Bond, Nichols, Fairview, and Our Lady of Sorrows.

Some very interesting points, interesting out the thought, "Citizen Day," which are to be awarded ribbons for the best idea and work.

Mr. Baker of Farmington public schools, Mr. Croftchield of Clarenceville school, Mr. Bettlinger of the Isaac Bond school, and Robert DeLeull, a Twenty-one, will act as judges on the posters.

Sunday afternoon callers of Mr.

and Mrs. Wilmer Johnson, Mr. and Mrs. Ollie Huiz and Mr. and Mrs. Maurice Huiz of Detroit.

Let us all be in Pontiac Sunday, May 19th at 2:30 p.m. to see the large display of floats and the boys and girls who have reached the age of twenty-one and are interested in being intelligent and thoughtful citizens. Willing to give of their time and service in enjoying the privilege of being a citizen of a grand country like the United States of America.

Will you be there?

## CHILDREN NEED FOOD CONTAINING LOTS OF ENERGY

When children are growing fast and will play hard, they need foods that will provide strong bones and teeth, and will make their blood and furnish energy. But children's "tumminies" are small and quickly filled. So every bite of eat must be as full of food value as possible.

Milk is the most economical

Innovations in the kitchen have sped up preparation of those cakes "like grandma used to make," but we won't touch those of today taste better. The one-quart glass bowls at right provide a "lower" cost. Alongside is an electric mixer which beats eggs and sifts flour and salt efficiently—almost as easily as by hand. The new bottle takes up little more room in the refrigerator than the familiar one-quart bottle.
