Christian Science Society New High School Auditorium Farmington, Michigan

"Love" will be the subject of the Lesson Sermon in all Christian Science Churches throughout the world on Sunday, August 4, The Golden Text (Ps. 6311,3) is: "O God, thou art my God . Because thy loving kindness is better than life, my lips shall praise thee."

the than life, my lips shall praise then."

Among the Bible citations is this passage (1 bith 4:78): "Piceloved, iet us love one another: for love is of God; and every one that loveth is born of God, and knoweth God. He that loveth not knoweth God for God is love."

Gorrelative passages to be read from the Christian Science texthook, "Science and Realth with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 140): "The Christian Science God is undversal, eternal, divine Love, which changeth not and causeth, no evil, disease, nor death."

The Greatest Power on Earth The Printed

MICHIGAN STATE

Eleven counties an Michigan are involved in a detailed study surveying land and economic variety in the study of the study

Some of the details set down so far include facts that Dickinson county has 700 operating farms averaging 94 acres with 29 in crops, Soil depleting crops normally core 23 per cent of the crop land and non-depleting occupy 77 per cent. Wilk cows number 3.285, with 900 in Norway township and only 21 in West Branch township. Horses number 636 and tractors 177. "These community groups are outlining for themselves the use and misuses to which their land is being put and the ultimate uses

SHORTER NAME

Ten acres of virgin forest which remany spars at least has not obern disturbed by man or livestock is to be rotatiqued on the farms of Michigan State College at East Lansing for a sperie of viest each decade.

The area is being plotted out this summer under supervision of P. A. Herbert, head of the college forestry department. Each 20 foot square is to be staked and mapped and measured. No trails, roads or fireplaces are to be built in the area.

The plot, of trees is located on Higagdorn, fond south of Mit. Hope, coad. Growth largely is in trees.

The plot, of trees is located on Higagdorn, fond south of Mit. Hope, coad. Growth largely is in trees.

The plot, of trees is located on the plot, maple, basywood and olm.

The plot, of trees is located on the plot, maple, has not had much chance to develop. Trees in the grove are mostly southern Michigan hardyoods and olm.

The post of trees is located on time of the plot, and the amount of sunlight that the summittee on the professor Herbert, the same between the Michigan Department of Agriculture, the Michigan Agriculture Commission of argiculture, the Michigan of a distributed until another 10 or 20 years pass.

Even fallen trees likely will not be removed. These would be sources of virgin soil, important for further study by the college soils department.

Michigan State Medical Society and the Michigan State Nurses As-

and the Atchian State a warm of the sociation.

The doctors of medicine of the state have also made their services available through Michigan Medical Service, a viountary, non-profit plan for the pre-payment of medical and surgical care costs. The plan is sponsored by the doctors of medicine of the state, and in five months [85,000] people have already placed medical and surgical care in the family budget.

Illness II is uppredictable as to service the state of the sta

ready placed medical and surgical care in the family budget.

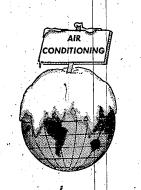

Unless is impredictable as to when on to what extent it will strike. Experience shows that 1 out of 13 people require hospital care, and 1 out of 2 people require some type of medical or surgical care each year. "This", said Mr. Mannix, "demonstrates the need for a program which will permit people to budget for health as they do for other necessities. Michigan Hedical Service, provide the first real opportunity for families of this state to remove the economic burden of the coat of health care," he said.
