

Proposal No. 1 Would Authorize, 15-Year Bonds

Among the proposals to be voted upon in the election November 5 is one which is of interest to many residents of Farmington and Calumet. It is Proposal No. 1, which if passed, would permit school districts to issue fifteen year bonds instead of five year bonds, as are now required.

The outcome of this proposal will be decided closely in Calumet, where the school district is planning a new school building or an addition to the present building.

The American Legion Auxiliary is to hold an installation of officers at Rosemont Hills on Monday, October 14. Mrs. Genevieve Schuttler will do the installing. The officers will be: Mrs. G. Mette, Pres.; Mrs. Ada Goers, 1st Vice President; Mrs. Helen Martin, 2nd Vice Pres.; Mrs. Alena Smith, Secretary; Mrs. Dorothy Smith, Treasurer; Mrs. Helen Eisenlof, Historian; Mrs. Elizabeth Schreiber, Chaplain; and Mrs. Daisy Aland, Sergeant at Arms.

The American Legion Auxiliary will reopen their season of card parties on October 13 at the Legion Home. Parties will be held every two weeks, and the public is cordially invited. Prizes will be awarded and refreshments will be served.

U. S. WILDLIFE MAN TO SPEAK

Dr. Irvin A. Gabrielson, director of the Fish and Wildlife Service of the U. S. Department of the Interior, is to be the speaker at a banquet Saturday evening, November 9, which will highlight the three-day annual convention of the Michigan United Conservation Clubs, opening in Jackson November 8.

Delegates from approximately 100 affiliated sportsmen's groups of the lower peninsula are expected to attend.
From a comparison of creel census records for upper peninsula and northern lower Michigan trout streams, the conservation department's institute for fisheries research has tentatively concluded that a superiority offered by upper peninsula trout fishing is probably due to much lighter angling pressure.

LASALLE WINES ANNOUNCES NET TOTAL OF \$18,538

LaSalle Wines and Champagne, Inc., for the first quarter ending August 31, reports a net profit of \$18,538 after deducting all taxes, depreciation and operating expenses. This is equal to more than 8 cents per share on the 217,704 shares of stock outstanding.

This compares with a net profit of \$7,000 or 3 cents per share for the corresponding period in 1939. These figures, the LaSalle management points out, do not include the operating results of wholly-owned subsidiaries.
LaSalle's sales for the same quarter showed an increase of 76 per cent over 1939's first quarter report. Buckeye Winery, Inc., Toledo, Ohio, wholly-owned by LaSalle, showed a sales increase for in excess of the percentage indicated for the parent company, it was stated.

OAKLAND COUNTY ASSOCIATION, O.E.S. MEETS THURSDAY

The Oakland County Association, O.E.S. will meet on Thursday, October 17, at Milford, being guests of Whiting Chapter No. 148. The meeting will be held in the Milford high school and the morning session will open at ten o'clock. The mistress of ceremonies will be Mary Johnson, past president of Farmington, assisted by June Sallow, organist and Edna Wingle, mite, marshal.

During the afternoon session an address will be given by Rev. Clyde Donald of Pontiac, Grand Chaplain of Grand Lodge F. and A. M.
Installation of new officers for the year will also take place in the afternoon, with May Mathias of Okemos, being the newly installed president.

Members of Farmington Chapter planning to attend will please plan reservations for the midday luncheon to Ada Bond immediately. Those desiring transportation will please telephone Ella Darling.

"TURN-AROUND" LANE TO BE BUILT ON WOODWARD

The state highway department's first project involving construction of a "turn-around" lane and parking areas in the center parkway of a divided highway will start soon on Woodward Avenue (US-10) at Eight and Ten Mile Roads.
Murray D. Van Wagener, highway commissioner, announced that bids will be opened in Lansing on Wednesday, September 25, for grading, construction of drainage facilities and paving work. The total cost will be about \$17,000.

The parking area will be in the center parkway of Eight Mile Road for one block east from Woodward to Campbell Avenue. Eight Mile Road will be widened 11 feet on each side with space taken away from the center parkway.

Entrance and exit lanes will be on Eight Mile Road near both the Woodward and Campbell intersections, but cars will be prevented from driving directly from the parking area into Woodward Trafficway.

The parking area will be surrounded by a concrete curb, and trees and shrubbery will be planted around its outer edges. The center area will be given a blumous direction of travel on Woodward to avoid being delayed by traffic lights and congestion at the intersections.

The projects will help alleviate traffic congestion and hazards at two intersections, where the lack of adequate parking facilities for the well developed commercial section are the main problems of traffic engineering, Van Wagener said.

OLD RECORDS AID RESTORATION OF FORT WILKINS

Old war department records, photographs which date from the Civil War, and the researches of historical groups are aiding in the restoration of old Fort Wilkins near the tip of the Keweenaw peninsula.

A gift of the United States government, the abandoned fort has been the principal attraction of a state park since 1921. Erected in 1844, after a treaty with the Chippewa Indians, the peninsula mining, development, stockade and

BANK HEAD HOLDS REGULAR BOARD MEETING BY PHONE

Since he became president of the Bank of Chapel Hill, N.C., about thirty years ago, William H. Thompson has missed only a few Tuesday night meetings of the board of directors, and in the last seven years not an absence has been chalked against him. However, when he recently made known his intention to go to New York to visit his son, some of his friends asked, "But what about missing the Board meeting?"

Mr. Noble knew the answer, but he kept it to himself.
When the directors assembled around the big table on the following Tuesday evening, the telephone rang. Cashier W. H. Thompson responded, heard the words "New York calling," and a moment later came the familiar voice of Mr. Noble, "Is everybody there? Are we ready to begin?"

Mr. Noble then called the meeting to order.
The daily bag limit on geese reduced last year from five to four, has this year been lowered to three. The bag limit on ducks remains at 10 a day.

Shotguns More Dangerous Than Rifles

Duck and small game hunting seasons bring a reminder from the conservation department that last year's shotgun accidents proved more deadly in early fall than rifles were in deer season.
Small game seasons in 1939 saw 13 fatal and 57 nonfatal accidents while deer season had 10 fatal and 85 nonfatal accidents. There were 540,893 small game licenses sold, compared with 170,356 licenses (not counting archers) issued to deer hunters.

Typical of the thoughtlessness causing many hunting accidents was that befalling a cove hunter near Eastport, in Charlevoix county, just before the season opened. Dragging his shotgun through a fence after him, he shot away a deer's leg, including part of the shin bone.
