# Look at the FORD TRUCKS ON MAIN STREET!

IN VILLAGE, town, and big city—on farms and on the highways... wherever you look, you see Ford Trucks at work. There are more Ford Trucks at work on the nation's hauling jobs than trucks of any other make!

There are definite reasons why. Truck owners want a truck with the power, performance and dependability that Ford Trucks deliver. They want economy that starts with low first cost and continues on with low operating and low maintenance cost. In Ford Trucks they get what they want!

It's no wonder Ford Trucks are as popular on Main Street as on Broadway! And they'll add to their popularity once you try them on your job. See your Ford Dealer today.

Most of the damage to the deer herd is done by wild stray dogs, they report, but any dog observed running deer may be shot by an officer.

Recent drives on vagrant, homeless dogs harassing deer resulted in the killing of eight dogs in Oscoda county, nine dogs in Isabella county, and some in Manistee and other nearby counties. Some persons rate the wild dogs more destructive than coyotes.

### INDIAN POPULATION

The Indian population of Michigan before the arrival of the white man was estimated at 7,000 to 10,000 by Henry Schoolcraft (1783-1864), who reported traveling miles after mile through woods without meeting a human being. Today the state of the same area furnishes sport, food and income to more than 1,000,000 sport fishermen, 2,000 commercial fishermen, 170,000 deer hunters, 50,000 small game hunters and 25,000 trappers.
