Mr. and Mrs. William Knapp attended the funeral of their aunt, Mrs. John Westlake in Grand Rapids Tuesday.

FOR VICTORY

BUY UNITED STATES WAR BONDS AND STAMPS

At The CIVIC THEATRE

The above scene is taken from the picture, "Adventures of Marco Polo," starring Gary Cooper at the Civic Theatre on Friday and Saturday, July 24 and 25. The story evolves around the dark and handsome stranger, Marco, the magnificent warrior. Cooper brings new glory and romance in the most incredible conquest ever filmed. Silvio Curie and Basil Rathbone also appear in the picture.

Completing the bill on these days is "Moonlight in Hawaii." There will be a cartoon and another chapter in the thrilling serial, "Perils of Nyoka."

On Sunday, Monday and Tuesday, July 26, 27 and 28, "Roxie Hart" with Ginger Rogers and George Montgomery, will be shown on the screen. The second picture, "Corsican Brothers" with Douglas Fairbanks, Jr. portrays the actor in a dual role. He takes the part of twin brothers, and the story deals with their revenge for the murder of their parents.

On Wednesday and Thursday each lady attending the movie will receive a free oven test dish. Gloria Jean will be seen in "What's Cookin'?" The movie is a musical comedy and concerns itself chiefly with the old battle, classical music versus popular music. The second picture is "The Body Disappears" with Jane Wyman and Jeffrey Lynn.

Prevent Sun Stroke
The parasol, sometimes called the umbrella, can carry large pieces of leaf resembling parasols

Legal Notices

DAVID E. UTLEY, Attorney, 1014 First State Bldg., Pontiac, Michigan
IN THE CIRCUIT COURT FOR THE COUNTY OF OAKLAND
BY CLARENCE
EDNA GIFFORD, Plaintiff,
vs.
No. D 9719
RICHARD GIFFORD, Defendant.

AT THE REDFORD THEATER

"The Courtship of Andy Hardy," the latest hit of the Hardy picture series, tops the double bill at the Redford Theatre this week-end, Friday through Monday. Mickey Rooney is again seen as the lovable Andy, who has got himself into more scrapes and complicated situations than most American boys, but his father, the Judge, usually manages to steer his son back on to the right path. The companion picture is "The Bugle Sounds."

On Tuesday, Wednesday and Thursday the double bill includes "The Invader" and "On the Sunny Side."

Livestock Winner
A sleek, well-groomed black hog, exhibited by Pennsylvania State college, was selected as the champion.

URGENT

To all Telephone Users

Today the telephone lines are crowded with traffic as never before, and some calls are certain to be delayed.

In the kind of war we are fighting now, telephone communication is a vital necessity. War calls must go through. Every time a military or war production call gets stalled in a traffic jam, the speed of our drive to Victory is slowed down.

The reserve capacity of our lines and equipment, built up for emergencies, is now fully used. And further substantial enlargement of the telephone system to take care of this wartime congestion is impossible because materials are even more urgently needed for tanks, planes and guns.

There is only one solution remaining—more careful and more efficient use of present telephone facilities by all of us.

In the past, easy, unhampered telephone service has been taken for granted, and properly so. Now there is a war to win, and each of us has a patriotic duty to see that our use of the telephone does not interfere with war calls. Though your own line may never be used for war messages, every call you make must pass through a central office switchboard. Many switchboards are crowded with military or industrial calls. You can help the cause of Victory by putting this list of reminders beside your telephone and making it your guide:

- Long Distance Calls**

 1. Make only the most necessary calls during the business day.
 2. Avoid the rush hours. When possible, call before 9 A.M.; between noon and 2 P.M.; between 5 and 7 P.M.; or after 9 P.M.
 3. Plan what you want to say, so that the call will be brief.
 4. Whenever possible, give the number of the telephone you are calling.
 5. Don't call Washington, D.C., unless you must. Trunk lines to the nation's capital are already overloaded with war messages.

Local Calls

 1. Try to make your conversations short, and avoid the rush hours.
 2. Look up numbers in the telephone directory, so that you won't have to call information.
 3. Plan your conversations ahead, and keep paper and pencil handy.
 4. Show your children how they can help the war effort by keeping their calls brief.
 5. If you share a party-line, be considerate of your neighbors.

Thoughtful use of telephone facilities in these days is a real contribution to the war effort—one that every citizen can make. The Telephone Company will continue to provide the best service possible under present conditions. But now, and for the duration, **WAR CALLS COME FIRST.**

 President.

Michigan Bell Telephone Company

5 EASY WAYS TO SAVE Electricity

when you cook on your ELECTRIC RANGE

In these days when "waste nothing" is a household rule, you can save time, effort and electricity by using your range efficiently. The 5 suggestions listed below are not new. Perhaps you already follow them. If not, they will prove worthwhile.

- (1) Use LOW heat whenever possible. You can keep your cooking cost down by finishing most of your surface cooking on low heat after foods have reached the steaming point. Once the steaming point is reached, you cannot speed up the cooking operation one bit by continued use of high heat. Reducing the heat will reduce your cooking costs, as well as conserving vitamins and minerals.
- (2) Plan more even meals. Preparing a complete meal in the oven at one time is economical. The same amount of electricity can cook meat, potatoes, vegetables and a pudding in one operation. And by using your clock control, you can forget the dinner until it is ready to serve, and devote your time to other things.
- (3) Use little water in cooking. Vegetables are far more delicious and healthful when "steam-cooked" in half-pint of water. This conserves precious minerals and food values—and you don't waste electricity heating up a large quantity of water which is poured down the sink after the cooking is finished.
- (4) Make use of "stored" heat. When the cooking operation is almost finished, the heat may be turned completely OFF. The heat that remains in the unit can be used to complete the cooking operation. Take advantage of this method and the extra saving in the use of electricity.
- (5) Use the thrift cooker often. If your range has one, the thrift cooker is ideal for soups, stews, and for less tender cuts of meat. Its long, slow-cooking gives excellent results, and its "deep well" construction and heavy insulation achieve economy of operation.
