What You Buy With WAR BONDS

When the American Expeditionary Force landed in Ireland recently newspapers reported the citizenry remarked at the similarity of the steel helmets worn by our boys with those worn by German troops. These steel hats are protection from shrapnel fragments and other light missiles. We need thousands of them for they are a regular issue to every American soldier.

A smart strap fastens under the chin and they are padded for comfort. One steel helmet costs \$3.50 every time you fill a \$5 stamp book you are buying protection for an American soldier. Invest at least 10% percent of your income in War Bonds every pay day. Help your community reach its War Bond quota.

When It Happens
 In a state of siege, civil law gives way to military law.

THE Government is asking you to eat the right foods. And, as Mrs. Home-maker, it is urging you to see that your family gets balanced diets and proper nutrition. The Government's Golden Rule for Nutrition is built around seven ordinary foods served every day—milk, fresh fruits and vegetables, enriched bread, eggs or meat or sea food.
