

STICK TOGETHER . . .
is the message General Eisenhower has for the people at home and that means us. Remember that all during the day, and all through the weeks and months ahead of us, and it will surprise you how many little ruffles it will smooth out without any difficulty at all.

ONCE AGAIN . . .
The Maple tree in Town Hall park has done it. It is as lovely this year as it has been in past years. One thing that doesn't change—the beautiful coloring of the fall season. The trees near the La Salle Winery are worth your attention next time you go down that way, too. The fall is lovely, you indeed, but there is something a little sad about it, too, isn't there?

WE DON'T . . .
like to seem always harping on the same subject, nor do we like to always be jogging people up—but have you done as much as you possibly can on the Third War Loan Drive? Your part may be a good deal smaller than that of your neighbor, but if you haven't done your part, take care of it today—for your peace of mind and rest of conscience, as well as for our soldiers.

THE FOOTBALL LADS . . .
at Farmington High are doing a mighty nice job this year. If you haven't seen them play yet, why don't you take time off, and attend one of the games? It will give you a lift of spirits to see a bit of good high school spirit, and the team likes to know the town folks are interested.

UNDERGOING . . .
a face lifting is Precise Tool Company, for the building has just had a new coat of paint. Looks nice, too.

HIGH SCHOOL STUDENTS PLAN MIXER PARTY

The Juniors and Seniors of Farmington High School are sponsoring a Get-Acquainted party, to be held this Friday evening, October 1. The purpose of the party is to have all Freshmen and new students acquainted with other students. Skits and dancing are featured on the program, and refreshments will be served.

Members of the Journalism class have adopted a most interesting project for the coming year, and will sponsor a news letter to be sent to service men. The group is now taking names and addresses of service men, who attended Farmington High School within the last four years. They plan to contact the men, and from the replies they receive they will prepare the news letter. This letter will be sent out once a month. If you have a name and address you wish to have receive this news letter, please send it to Miss Dammon, or to some member of the Journalism class.

Qualifying Tests Given at FHS

Training Programs Open To Students

The second qualifying test for the Army Specialized Training Program and the Navy College Program V-12, which will be given through the country on Tuesday, November 9, will be administered at the Farmington High School, E. V. Ayres, superintendent of schools, has announced. A pamphlet of general information which contains an admission-identification form may be obtained at the High School. This form properly filled out will admit to the test students of the ages of 17 and 21 inclusive who are recent high school graduates or who will be graduated by March 1, 1944.

Intend to take the test should be made known immediately to Franklin Ryan, coordinator of the school, in order that the necessary test supplies may be ordered. The same examination will be taken by both Army and Navy candidates. The examination is designed to test the aptitude and general knowledge required for the program of college training. All qualified students are urged to take the test. At the time of the test each candidate will be given a choice of service preference, but taking the test does not obligate the candidate to enlist in the service.

The Army Specialized Training Program and the Navy College Program enable students to continue academic training at government expense following induction into the armed services. Successful completion of the prescribed courses may, following further officer training, lead to a commission in the Army or the Navy.

Students who attend college under either of the programs will be under military discipline in active duty in uniform with pay. All expenses including tuition, food, housing, books and uniforms will be paid by the Army or the Navy.

VIRGINIA U. PINS HOPES ON BOB SELLER

Robert D. Seller, son of Mr. and Mrs. Paul Seller of 2744 Drake Road, is captain of the University of Virginia football squad this year. Bob, who is a senior at the University, joined the speedy ball at Cranbrook, which he attended for five years. He is under Navy training at the present time.

In an article, recently appearing in the Richmond Express, it was pointed out that the University of Virginia team, are concentrating on speed as a substitute for lack of weight and power. As Coach Frank Murray selected the men who'll be fitted into Virginia's line for the opening kickoff of the 1943 season, the players picked the speedy line rather than the heavy ones. In speaking of Bob, the Express says, "Two line veterans remain from last year, and both fit into this picture. Captain Bob Seller, Farmington, Mich., weighs only 185 pounds, but he'll be starting at left tackle."

Fire Prevention Week Proclaimed

We all know that one of the greatest hazards to face at any time is fire. Loss by fire reaches a high figure each year. Now, more than ever before, it is vitally important that each individual do his utmost to cut this loss to a minimum. In order to stimulate this movement, Governor Harry F. Kelly has proclaimed Fire Prevention Week in Michigan, beginning October 3. His proclamation is as follows:

"Fires caused by lack of preventive measures and by carelessness retard our war effort and help our enemy to an extent that makes the work of saboteurs pale in insignificance. Our war production is reduced almost a million dollars a day because of fire. 10,000 American lives are sacrificed each year; 75,000 farm buildings across the nation destroyed over 300,000 dwellings, reduced to ashes. Appalling tragedy a day-to-day occurrence, a greater loss of life and property annually, than England suffered in the peak year of enemy bombing—all this because of carelessness."

"Each fire gives aid and comfort to the enemy; each fire lessens the chances of victory; each fire lessens the chances of an American fighting man returning home."

PROMOTED

Reuben W. (Bud) Tilley, the son of Mr. and Mrs. E. M. Tilley, was recently made a full Corporal, coordinating information received by his parents. Bud was given this promotion after reaching his overseas base in England, where he has been since the first of July.

Austin Grant To Speak Here

Next Wednesday evening a rare treat will be in store for the people of Farmington, for they will have the opportunity to see and hear Austin Grant. Not that it will be anything new to hear him, for who doesn't listen to the quarter to eight news broadcast each evening, and hear his familiar voice? However, it will be a treat to see him, and everyone is invited to come and hear him.

Mr. Grant is brought to Farmington as part of the Kiwanis Club program of civic service. He will speak in the Farmington community hall at the Methodist Church, immediately following the Kiwanis Club dinner, which will be held, as usual, in the Methodist church dining rooms. IN MEMORIAM

PIE JEAN LINT

Just a year has passed since Pie Jean Lint of the United States Marine Corps was reported killed in action on Guadalcanal, Solomon Islands, on September 14, 1942. Jean was the first from Farmington to give his life for his country during World War II.

In loving memory, his parents, Mr. and Mrs. Alfred Lint, Sr., and brothers and sisters, Pvt. Alfred Lint, Jr., Gordon, Virginia, Jay and Dorothy Lint, request the following to be printed:

He is Just Away
I cannot say, and will not say
That he is dead, he is just away
With a cheery smile, and a wave
Of the hand,
He has wandered into an unknown land.

And left us dreaming how very faint
It needs must be, since he lingers there,
And you—Oh you, who the wild
For the old-time step and glad return—

Think of him faring on, as dear
In the love of There as the love
Of home; Think of him still as the same
I say;
He is not dead—he is just away!

Dances Prove Very Popular

By popular request of many who enjoyed the modern and old time dance held Friday night last week at the Farmington Town Hall, Frank Gillen and His Boys, one of the most popular dance orchestras in Michigan, will play for dances to be held Friday, October 1, and again on Friday, October 8. In the opinion of both modern and old time dance fans, Frank Gillen has the best dance orchestra that Farmington has heard in many a moon.

Arthur Lamb, who has called old time dances for several years, will call them next Friday.

The Committee in charge announces that funds received from the dances will be used to obtain the most popular orchestra for this series of Friday night dances, for the enjoyment of youngsters and their parents. Their policy of including refreshments in the price of admission remains unchanged, as does the practice of welcoming service men in uniform without charge.

Tickets may be obtained at Cook's Store, Conroy's Market or from committee members, Anna-Helen Foster, Norma Staper, Sally Gildemeister, Kenneth Way or Elliott Tyler, Jr.

The sponsors of this series of dances, or their parents, as members of nearly every civic or fraternal organization in the city, invite your friends, and come and enjoy these modern and old time dances, starting at 9:00 o'clock p.m., every Friday.

Kozlowski, who had come with a companion in search of mushrooms, died as the result of a heart attack. His body was found by a family who were also looking for mushrooms.

Tag Day To Be Held

October 8 and October 9 are the dates selected for the Blue Star Tag Day, to be conducted by members of the Farmington Blue Star Mothers, Chapter 49. Each chapter in the state is free to choose the date for this annual sale.

The last annual Department of Michigan Convention established a program for a Department Rehabilitation Lodge, for which funds are now being collected. The proceeds raised by Tag Day will be used to meet Farmington's pledge for this lodge, and to carry on the work of the chapter.

An attempt is being made to have December 7, the anniversary of Pearl Harbor, set aside as Blue Star Mother Day, for the entire United States.

The Blue Star Mothers have done a fine job to bring a little cheer and pleasure to our service men, and certainly deserve the support of the entire community. Show your appreciation on Tag Day, October 8 and 9.

Only Two Days Yet Remain To Purchase Bonds

Despite the efforts of Farmington's Gallants—and they have been a mighty energetic group—the community finds itself considerably short of the \$140,000 goal of the Third War Loan Drive, and only two days remain in which to meet this figure. That means that in the next two days, each one of those Gallants is going to have to work that much harder, and each one of the residents of the City and Township is going to have to dig a little deeper, in order to come up to the quota.

Farmington has always done whatever it was assigned, regardless of the purpose, and surely that record will not be broken, particularly when it concerns such a tremendously important undertaking as the Third War Loan Drive.

Joseph Himmelsbach, executive chairman of the sale of War Bonds and Stamps in this community, reported that on Wednesday, sales for the City and Township were just a little over \$100,000. That means that almost \$40,000 in Stamps and Bonds must be sold in the next two days to fill the quota of \$140,000.

Gallants have booths at the Post Office and at the Bank at all times. You may purchase Stamps or Bonds through them. Your milk man will take your application and deliver the Bond to you. The ladies that constitute the Civic Trust League will take your application. If you have already made an application, but have not yet called for your Bond, be sure to do so within the next two days, for the Third War Loan Drive is scheduled to end Saturday night, October 2.

Surely there is not a man, woman or child in our City and Township who does not know the extreme necessity for purchasing Defense Bonds. Not only are you aiding the war effort by doing so, but you are insuring your future. Get those extra Bonds today.

Bad Accident Kills One

The worst accident to occur near Farmington in a long while happened early Sunday morning at approximately 2:15 a.m., at the corner of Grand River and Haled Road.

Maurice Boley of Kentfield Avenue, Detroit, was driving west on Grand River Avenue. Mr. Boley was driving Mr. and Mrs. James E. McDowell to their home at Wolverine Lake.

The Boley car crashed into a parked truck, owned by the Johnson Carriage Company, and the car was completely demolished. The truck was well marked with flares, but apparently Boley did not see it in time to avoid the crash.

Mr. McDowell was killed instantly, and Mrs. McDowell and Mr. Boley were rushed to Redford Receiving Hospital in the Thayer ambulance. Mrs. McDowell is in a critical condition and is not expected to recover, while Mr. Boley's condition is considered very serious.

Mr. McDowell's body was removed to the Thayer Funeral Home and services were held Wednesday morning from the George Haas Funeral Home in Detroit, at 8:00 a.m., and from the Agnes Church at 9:00 a.m. He is survived by six children.

Miss Ruth Elliott has been visiting her sister, Jane, who is attending Michigan State College in East Lansing.
