

CORN CHOWDER WILL USE THOSE LAST FEW EARS

For those who don't like corn-on-the-cob or those who are tired of it that way, try serving those last few ears in your Victory Garden this way:

CORN CHOWDER

- 2 cups fresh or canned corn
 - 4 cups potatoes, cut in 1/2 inch pieces
 - 1 slice onion, cut fine
 - 4 cups scalded milk
 - 3 soda crackers
 - 3 lbs. butter or bacon drippings
 - Salt and pepper
- Put shortening in a kettle, and

when melted, add onion and cook slowly about 5 minutes. Turn heat to medium as soon as shortening is melted. Add potatoes and 2 cups boiling water and cook until potatoes are soft. Add corn and milk. Heat to boiling point. Season with salt and pepper, more shortening if desired and crackers which have been split. Serves 6 generously.

Noted for Ruins

In peacetime, Syracuse was noted chiefly for its ancient ruins, relics of a period when it was considered the handiwork of Greek engineers, with a population of half a million. The modern city had only a little over 50,000 inhabitants before the present war broke.

Victory

(Continued from Page 2)

announced a program to provide a 25 percent increase in soap production for civilian use. WPA emphasized that there will still be no excess and urged soap-making by every suitable method.

Market Turkeys Now
Farmers are urged to market their turkeys as soon as possible so that the American Armed Forces can have typical Thanksgiving and Christmas dinners. In a joint statement, Maj. Gen. E. B. Orant and Marvin Jones, War Food Administrator, appealed to farmers to "go over your turkey flocks carefully now with a view to offering as many as possible for sale to the government. Send them to buyers or processors as early as possible. If you don't know where to market them, contact your nearest war board office or Quartermaster Market Center."

More Heavy Underwear Coming
The War Production Board has acted to increase production of certain types of men's and boys' heavy knit underwear in which a shortage existed.

To Issue Ration Book Four
War Ration Book Four, which will last approximately two years, will be issued to more than 10 million persons through school-house distributions during the last 10 days of October, OPA has announced. The book combines point and unit stamps. It has eight pages containing 384 stamps printed in blue, red, green and

Pre-Induction Training For Boys
More than one million 16 and 17-year-old boys will be enrolled in voluntary civilian pre-induction training courses in the nation's schools this fall, according to the War Department. Representing all states, physically able boys of these age levels, the students are taking courses that will prepare them for more effective service in the armed forces. Officers of the army reception centers record all pre-induction training on the soldier's permanent record card. This training is taken into consideration in making assignments to further training and army jobs.

Safeguard Government Checks
Despite repeated warnings, records of the Bureau of National Financial Affairs show a steady increase in the number of allotment and family allowance checks stolen or lost after delivery. To prevent loss, the following suggestions have been offered: (1) be sure your name is on your mail box; (2) watch for your check and deposit it promptly in a regular place; (3) if you move, notify your postmaster and either the Allotment Division or the Family Allowance Division of the Bureau of Supplies and Accounts, Navy Department, Cleveland, Ohio.

Cut Football Travel
All school, college and other football teams have been asked by the Office of Defense Transportation to confine the sale and distribution of tickets to the vicinity of the local area of the cities in which the games are to be played. By so restricting sales, ODT pointed out, football games can be held without increasing the already heavy load on intercity buses and trains.

Give Soldier's Serial Number
The public is asked to use a soldier's army serial number in every case where inquiries are made to official agencies concerning either officer or enlisted personnel. Much time and material is wasted if the number is not given, according to the War Department.

OPA Sets Grape Prices
Maximum prices for Concord grapes and California juice grapes have been set by OPA at levels substantially lower than prices that had prevailed. Meanwhile the War Food Administration allocated processed Concord grapes as follows: 60 percent for jams, jellies, and fruit butters; 20 percent for grape juice; and 20 percent in reserve for future allocations.

Announced Casualties of the United States Armed Forces from the outbreak of the war to date (whose next of kin have been notified) total 105,205, according to War and Navy Department reports. This total includes: dead, 20,104; wounded, 28,225; missing, 32,905; prisoners of war, 23,970.

One Corporal Gets Five Japs
An army corporal, who failed to get the order to withdraw, resolutely killed five of an attacking eight-man Japanese patrol, then found to his astonishment that he had been left alone far in advance of his marine companions. Corporal Henderson, whose home is in Cannonville, Utah, explained: "I figured they were still with me so when the Japs came in sight I opened up with my tommy." After he had killed five of the Japs, the other three ran. It was then Corporal Henderson discovered he was alone. He spent the night in

WEST POINT PARK

A get-together dedication party will be held on Saturday evening, October 2nd, at the Pierson School. There will be dancing and card games, also a door prize will be given. Refreshments will be served. Parents and friends come and join in the free to all.

John Altama, Jr., who has been attending the University of Michigan at Ann Arbor, has completed the course of aircraft inspecting given by the college of engineering and Monday started his government job at Chrysler's on Warren Avenue.

Miss Dorothy Altama is suffering from an accident to her left hand, when she crushed the end of her first finger while working on a punch press at Ford's Phoenix Plant last Friday.

The first P.T.A. meeting will be held on Monday evening, October 25th, instead of the usual Thursday, to permit the superintendent of schools, Fred Fisher, and his assistant, Charles Brake, to be present. They will answer questions concerning the consolidation of schools in the Livonia Township in regard to obtaining a high school.

Little Miss Pauline Varhol is on the sick list.
Mr. and Mrs. Ernest Tallman and the nurse and walked in for chow the next morning.

Army Spends Million For Recreation

The army is spending more than a million dollars a month for recreation and athletic equipment for its fighting men at home and overseas, the War Department reports. Equipment is provided for the favorite outdoor sports of the fighting men, particularly baseball and football. Those preferring less active recreation have the choice of cards, dominoes, darts, chess, checkers, backgammon, or bingo. Included among the purchases are musical instruments.

family spent Sunday with relatives in Northern Michigan. Wesley Smith, son of Mr. and Mrs. Frank Smith, on Eight Mile Road, had the rear end of his car badly damaged Friday evening when his car was struck by another car. Fortunately no one in either car was hurt, and the driver of the second car will take care of Wesley's car. The accident occurred on Grand River near Farmington.

Beginning October 4th the Sunday evening service at the Neighborhood Church will be held at 7:30 instead of 8:00 p.m. The change is principally for the benefit of school children, who must retire early and for speakers who must return to Detroit at the close of the service. The Sunday evening services are generally of an informal character, opening with a hymn-singing and neighbors and friends are cordially invited to participate in them.

Mrs. Joe Roberts and her daughter, Clara, were both ill most of last week.

The Neighborhood Bible School will hold its Rally Day service on October 10th, at 11 a.m. Visitors will be made welcome.

Mr. and Mrs. William H. Zwahlen were guests Saturday evening of Mr. and Mrs. Arthur Stanley of Detroit. Among the guests was Sgt. Charles Becker, home on furlough from Texas.

In memory of Mrs. Frank Broquet, who for eight months had been a favorite teacher in the Neighborhood Bible School, beautiful flowers were in evidence at the eleven o'clock session of the Bible School Sunday morning. A special program was presented. Perry Broquet, second son of Mrs. Broquet, was present and took a part in the service. A fine congregation was in attendance.

Why we still talk about "QUALITY" during a beer shortage

DAY AFTER DAY our friends ask why we are so concerned about maintaining Altes "quality" . . . when there is such a big demand for more beer.

"Beer drinkers don't expect quality in war times," they say. "Why don't you use substitutes for scarce ingredients . . . and go to town?"

We answer them by saying that we feel it's our obligation to every Altes customer to see that the beer he gets meets the high Altes standards to which he is accustomed. We do not want a big extra volume now if the Altes we brew cannot be a quality beer. Every time you open a bottle of Altes we want you to taste that clean, clear, tangy Aged-In, Sealed-In flavor you know so well.

Prime ingredients are essential in brewing Altes Lager. If substitutes were used, there would be little reason for our exclusive Aged-In, Sealed-In brewing process . . . for this costly method of brewing was specially developed to completely preserve the natural flavor of the top-quality ingredients we have always used.

"So," we say, "it looks like Altes will have to go ahead right through the period of wartime scarcities, making as much as we can of the best beer we can."

A LETTER that speaks for itself

**OFFICE OF WAR UTILITIES
WAR PRODUCTION BOARD**

TO ELECTRIC UTILITIES AND THEIR CUSTOMERS:

The War Production Board has proclaimed that maximum war production requires the greatest possible conservation of manpower, transportation, fuel, equipment, and critical material such as copper, steel, gasoline and many others—much greater than has been heretofore accomplished. It believes that this greater conservation can be accomplished by the voluntary cooperation of all citizens of our country in the effort.

Each principal industry and agency is organizing to carry out the objective of the War Production Board to its members and they, in turn, to their customers so that the fullest conservation may be obtained.

In the electric utility industry, the installed generating capacity, together with capacity now under construction, is ample to meet all foreseeable electric needs. But it is essential TO SAVE THE USE OF ELECTRICITY WHEREVER POSSIBLE so as to reduce, directly or indirectly, the demands for materials, fuel, transportation, and manpower.

The desired result will be obtained through the full cooperation of millions of people in the conservation program. With everyone contributing, the effect will be tremendous in hastening the day of Victory.

J. A. Krug
J. A. KRUG, Director
Office of War Utilities

All public utilities are included in this nationwide program of voluntary conservation—gas, telephone, water, transportation—as well as electricity. We know that our customers will cooperate loyally and wholeheartedly, to help speed the day of Victory.
