

Fringe on the Flag
U. S. army regulations for a number of years have prescribed gold or yellow fringe on all United States flags which are used as regimental colors or standards. There is no federal law or regulation which either requires or prohibits the use of fringe on the flag when used for general purposes.

MR. GULLEN SPEAKS AT BOND PROGRAM

An assembly program for the Fourth War Loan drive was given in F.H.S. Monday, January 24.

A short skit was presented which portrayed two families. One bought War Bonds and was very prosperous after the war; the other didn't and was destitute. The moral of the story, of course, is to buy more bonds.

Mr. Lloyd Gullen, manager of the Civic Theatre, spoke. His theatre sold more bonds during the last drive than any other of its size in the United States.

Mr. Ryan, head of the Commercial department, suggested a new idea to speed up our bond sale of bonds, we can buy a Fairchild Trainer. A metal plaque will be put in the plane with the name of our school inscribed on it. The school band, directed by Mr. Crane, opened and closed the program. —B.A.

"Give Seven to Ten to the Service Men"

They're busy during the day. A few hours each night are about the only time they have to telephone. Wouldn't seem right if a casual call of yours held up a soldier's call back home.

Best way to avoid that is to play safe and not place any Long Distance call between 7 and 10 P. M. unless it is really urgent.

Tonight and every night, "give seven to ten to the service men."

ATTENTION, THEATRE LOVERS!

Have you noticed the book in the library, "The Story of the Theatre" by Glenn Hughes? We are sure it will interest you. It tells the story of the Indian, Japanese, Chinese, Japanese, Greek, Roman, French, Italian, Spanish, English and American theatres.

If you have read this book and would like to read some of the theatre's great plays, we have two volumes of "A Treasury of the Theatre" published by Simon and Schuster.

Oh, you would like to know about the construction of drama, the dramatic action, or the structure of these great plays? We have just the book for you, too—"Technique of the Drama" by Dr. Gustav Freytag. —S.J.

EDITORIAL ARE YOU GUILTY?

Again the question of students wearing "F" sweaters which they have not earned by participation in sports comes up.

It seems unnecessary to point out that by wearing such an "F" sweater, you are being decidedly unfair to the boys and girls who have worked so hard for the privilege of having their "F's". Whether it be football, basketball, baseball or track, these "F's" represent many hours of practice, or hard work, of being on the job regardless of other plans, and, in many cases, painful injuries.

Milton Knight, president of the "Varsity F" Club, asks in the name of the club and in the name of the F.H.S. student body that those of you who may have unthinkingly worn "F" sweaters not your own stop and think before you don them again.

Why not show our lettermen we are behind them and respect their right to be jealous of their coveted "F's"? —Audrey Lathrup.

Class Room Notes

With the end of one semester and the beginning of another, the Government classes have changed to Economics. Although there's little room for improvements, everyone hopes to start out this new class in a better way. After all, even seniors like high grades.

Making a step forward, the first Senior Play practice took place Monday night with Miss Pavlovich in charge.

Miss Dammon administered special aptitude tests Thursday and Friday, the first and second periods, to all sophomores and to Junior and senior boys who did not take the tests last spring or who just enrolled this fall. —Z.L.

Simplified Chick Care
In poultry-raising, the use of wire-mesh floors has simplified the care of chicks, and for older birds, the use of a deep, highly absorbent litter saves changing it so often.

FARMINGTON'S POWER PUSHES TO VICTORY

From the beginning buzzer the Farmington Longhorns showed all the zest they possessed.

With the starting lineup of Doll, Tyler, Bacon, AschenBrenner and Stirling they began their power rushes, and at the end of the first quarter F.H.S. led by seven points 7-0.

Coach Hutton's boys are proving that practice helps make perfect. Farmington held a comfortable lead throughout the evening, the final score being 35-22.

Pied Hamlin took top honors at this game with 4 baskets and 1 free shot; Rennie Bacon was second with 2 baskets and 3 free shots.

Folks, don't forget this Friday's game with Keego Harbor—here in our gym. Since Keego has an undefeated team, Farmington will really turn the heat on.

ATHLETES FORM "VARSITY F" CLUB

Something new has been added in Farmington High School! On Friday, January 14, all lettermen, including football, basketball, baseball and trackmen, formed the "Varsity F" Club.

The club was organized to promote sports and to foster a better school spirit among the students. Also, the boys will attempt to keep the equipment in good shape and are asking the cooperation of everyone who uses the equipment.

At every home game, during the half, a few of the Varsity F boys will demonstrate to the audience what they are doing in gym.

Officers elected were Milton Knight, president; Dick Fisher, vice-president; and Oscar Auten, secretary and treasurer.

In a later issue, the Club's aims and objectives will be published. —L.L.

Gas Important in War
So important is the transport of gasoline—the lifeblood of motorized warfare—that on occasion, as for example for use in Labrador, tank trucks have been cut in half, down out of this country, and welded together again at their destination.

Weed Tree
Balsa is often described as a "weed tree." It is not found in native jungle or forest to any extent. But it is likely to grow in any clearing. Hence the frequency of its occurrence on abandoned banana plantations.
