Service Notes

January 15, 1944

Dear Sir:
I would like to thank you for the Enterprise. It is certainly great to hear about your buddies in the service. While here in Miami Beach, Norm Stewart and I were together. It was like old times to see one of your pals from home.
The weather is perfect down here. One can hardly believe it's winter time back home.
Next week our flight is going into the Everglades on maneuvers for eight days.
Thanks again for the paper.
Sincerely yours,
Private James Maloney.

Dear Editor:
I would like to say hello to everybody at home and also the boys in the service who are from Farmington. I am very happy to receive the Farmington Enterprise with all the news and happenings of the week. I want to thank the sponsors of this paper for their good work in sending us boys the Enterprise. I enjoy reading the paper after working hours.
The weather here in Kentucky has been cold but not too bad. I am in good health. I also hope the same for everybody else. I have been transferred to another company of this camp. They are fine fellows. We are treated very good. I guess this is all I can say except thank you for everything.

Respectfully yours,
Donald Ortwein,
Camp Campbell, Kentucky.

Robert D. Sells, 22, son of Mr. and Mrs. P. W. Sells, 27404 Drake Road, has been enrolled in the Navy V-12 Unit at the University of Virginia, Charlottesville.

Virginia. Entrance into the special training unit enables Seaman Sells to take a series of approved university courses.

Dear Sir:
After more than two years I have finally gotten around to write a few lines thanking you for sending me your paper. I am always looking forward to receiving the paper for that is the only way that I have of finding out where my friends are and what they are doing. I have been overseas for close to two years now and I don't recall of ever missing a single issue although sometimes I have quite a long wait for a paper and then I receive two or three at once. I really enjoy reading them.

I also wish to thank all the Blue Star Mothers through your paper for sending me such an excellent and useful gift for Christmas. It really makes a person feel loved to know that the folks at home are interested in our welfare and that they are doing so much to help make our lives more pleasant. After being away for so long without a chance to get home such kindness and thoughtfulness in the friends I have really makes me realize what a swell idea I've come from and some day I would like to thank each person individually who has been responsible for sending the boys in the armed services such useful gifts.

I am in the Hawaiian Islands now and if there are any Farmingtonites in this group I would appreciate having their addresses so that I could write to them. Some of them might even be on the same island as I am and it really would be good if we could get together. There have been only two men from since I've been here, and one of them, Bill Dwyer, has since gone back to the States, and the other, my brother, is here, and I manage to see him quite often.

I also have a change of address to give you at this time.
It is meal time now so I must thank each and every person who has sent me a gift or card.

As ever,
Howard Carpenter, Pfc.

Corporal Charles J. Trickey, U. S. Marine Corps, has been selected by headquarters at Washington, D. C. to complete training as a Naval Aviation Pilot. Upon completion of his training he will receive his Navy Wings of Gold and Commission as a Second Lieutenant in the U.S.M.C.R. Dear Sirs:
I want to thank you for sending the Enterprise to me. It sure makes a fellow feel good to be able to read about what is happening around home.

I also want to thank "The Blue Star Mothers" for the lovely Christmas box they sent me. This

is a large Naval repair base here. I am working in the machine shop on the swing shift.

Thanking you,

Dear Sir:
I am writing you to inform you of my change of address. I am down in San Diego enrolled in Radio School. It's a 20 week course.

I should have written sooner to thank you for the Enterprise. It sure helps a lot to keep track of my buddies and to see what is going on in the old town.

Thanks a lot.
Yours truly,
Ernest Mitchell, S 2/c

Dear Enterprise:
I have received the last four copies of the Enterprise, so I thought it was about time I wrote and told you how much I appreciated getting the paper.

I always read the whole Enterprise from front to back, and back to front, so I don't miss much that's in it. I enjoy reading the town news and the Blue and White, on which the kids are doing a great job again this year. And last, but not least, the Service Notes, on which I manage to keep a good tab.

At present I am with Headquarters Squadron, so they keep us pretty busy, but I manage to keep in touch with a lot of the gang I went to school with. Even though they are scattered far from Farmington now.

Here's thanking you again for the paper, as I remain,
Sincerely yours,
Trooper Ed Callan.

Anthony Capila, Ralph Yoder and John Gambee all left Monday for Great Lakes, Illinois, to begin training with the United States Navy.

necticut. He is taking an intensive course in Deck subjects which he expects will qualify him to take an examination in April for his merchant marine license as third mate on ocean-going vessels which today form the supply lines to all United Nations.

Raymond B. Oldham, 22, son of Mr. and Mrs. Abbie B. Oldham of 33614 Grand River Avenue, was recently home on leave, having been commissioned a second lieutenant in the U.S. Cavalry upon successful completion of a four-month course of training in the Cavalry Officers Candidate School at Fort Riley, Kansas. Lt. Oldham entered service on March 19, 1942, and was allowed to remain in school at Michigan State College for three months, during which time he completed a four year course.
