rots, spinach, peas, snap beans, eggplant, peppers and cucumbers. The action, effective at the country shipper level, January 31, will become effective 15 days later at wholesale markets. Exact retail prices in each community will be announced by the regional and district OPA offices.

Canning Sugar Now Available

Housewives may now get five pounds of canning sugar by using Stamp No. 40 in ration book four. OPA has announced, and additional canning sugar later will be available on application to local boards. Stamp No. 40 will be good 13 months, through February 23, 1945.

Farm Support Price Program

Average prices to egg producers ranging from a low of about 30 cents a dozen during the spring to a high of about 40 cents a dozen in late fall or early winter are planned by the War Food Administration in its price support program for carlot graded eggs for 1944. WFA also announced its proposal for support prices on other farm products, subject to congressional action.

May Tighten Farm Deferment

To maintain their deferments from military service because of their agricultural activity, the 1,700,000 registrants engaged in

agriculture may be asked to increase their production goals, according to Commander Patrick H. Winston, assistant executive director of the War Relocation Authority. Approximately one million of these deferred men are non-farmers.

To Relocate Physicians, Dentists

Any municipality, county or other local subdivision of government suffering from a shortage of physicians or dentists may now apply to the Surgeon General or the district office of the U.S. Public Health Service for assistance in requesting the relocation of a physician or dentist. The Public Health Service agrees to pay moving costs and to pay the relocated doctor \$250 a month for the first three months. The doctor agrees to practice in the community for not less than one year, and the community agrees to contribute one-fourth the government's cost to the Public Health Service.

Help For Truck Owners

Owners of farm trucks and other truck operators are requested by the Office of Defense Transportation to cooperate in a reporting system which the ODT has established to help truck and bus operators with their tire procurement problems. Any operator eligible for tires but unable to obtain a tire certificate from his local rationing board because of exhausted quotas can obtain a tire certificate from the ODT. It is asked to report that fact to his

ODT district office, stating the reason given by the board for the denial of the certificate. This information will enable the ODT to determine the kind of action to be taken, if assistance is warranted.

Ration-Free Rubber Footwear

OPA will permit some ration-free sales of rubber footwear by retailers and jobbers who have excess and slow-moving stocks that otherwise might be wasted by deterioration. Retailers and jobbers desiring permission for such sales must apply in writing to OPA district offices. A minimum of 15 days will be required between filing of application and granting of "non-rationed" stickers, which identify the released footwear.

Round-Up

U.S. civilians will get 63 percent of the vitamin A allocation in 1944, WFA says, as the army gets most of its vitamins through a balanced diet. Burn any packing material that comes with gifts from soldiers abroad to avoid insect pests and plant diseases, advises the Department of Agriculture. The department also advises that started chicks, three or four weeks old, have better chances of survival for the poultry beginner than newly hatched chicks have. With the largest winter cabbage crop in history, WFA has asked the rationing board to make 80,000 more tons of krusel. Total U.S. war casualties as announced up to Janu-

ary 33 were 122,589—including 22,662 dead, 47,123 wounded, 22,699 missing, and 29,805 prisoners of war. In general ration cost of meats is higher and of canned vegetables, lower during February. WFA has ordered packers to set aside at least 50 percent of all canned and cutter beef for the U.S. armed forces. Prices of fresh tongue range from four to five cents less per pound under recent OPA regulation than under the previous regulation. Farmers and other bulk users of storage facilities resulting from fire, theft, accident, or other extraordinary circumstances, under a new OPA procedure—WFA will soon release approximately 4,000 cases or 120,000 pounds of dry pea or soyas soup powder from government reserves to civilian consumers. The farm freezer industry advisory committee has recommended to WFA that 25,000 farm freezers, combining cold storage and freezing elements, be made and distributed in 1944.
