Service Notes
February 16, 1944
Dear Sirs:
I want to thank you for sending the Enterprise to me here at Great Lakes. I am able to read all about my friends back home and also see what the high schools are doing. Boy, you sure do miss the pals you leave behind but with the paper, you can see how they are doing.
Thanking you again for the paper and I will be home soon to thank you personally.
Sincerely,
Earl Goodfellow, A/S.
February 17, 1944
To the Editor:
I only have a minute and I want to thank you for the paper and give you my change of address. I finished my basic training and classification at Keesler Field, Mississippi, and I'm now an Air Student at Mississippi State College.
I wish that M.S.C. was for Michigan. Thanks again for the paper.
Sincerely,
A/S Frank Brown.
Aviation Student Robert B. Russell of 33701 Wilmarth, has arrived at Wittenberg College, Springfield, Ohio, for a course of instruction lasting approximately five months prior to his appointment as an Aviation Cadet in the Army Air Forces Flying Training Command.
Pvt. Charles E. Larson, son of Mr. and Mrs. Otis Larson, is recovering from a broken arm received while in action in Italy. His parents received letters from the chaplain and a fellow soldier assuring them that their son's injuries are not serious.
Francis X. Jarey left Friday, Feb. 18, for Fort Sheridan, Ill.
February 2, 1944
Dear Editor:
I wish to add my thanks to the long list. I find great pleasure in reading the Enterprise, and hope you will keep on sending it until I come home.
I have received three copies so far, and from what I have read so far every one in Farmington is busy with the war effort. Keep up the good work, Farmington, you are doing a swell job.
So far I have moved up one step; received the Good Conduct Medal, and am also entitled to wear one bronze star on my service ribbon. February 15 will make one year I have been over here. I hope to be home by this time year after next.
I wish to say "hello" to all my friends back there. Hello, folks.
Sincerely,
Corporal George C. Kemp.
Russell David Lashbrook, son of Mr. and Mrs. Gus Lashbrook, recently graduated from the Aviation Radio School at Jacksonville, Florida, and was promoted to Private First Class in the U.S. Marine Corps.
Entering the Marines May 27, 1943, he received his recruit training at San Diego, California, before being transferred to the Naval Air Technical Training center here. Lashbrook is now a qualified aviation radioman and will probably see service with a Marine Aviation Detachment.

Dear Editor:
Well, here I am in North Carolina going to school again. This latest change of address has brought me to High Point College, a very nice school, deep into the Tarheel state. I never pictured this state as a place I would want to visit, but what I have seen to date has changed my mind.
I want to thank you for the paper. I have been receiving it regularly and find it very interesting. I am sending my corrected address with this letter.
Sincerely,
A/S James H. Collins.

Dear Editor:
It has been quite a while since I wrote last, but then things have appeared so fast that I just couldn't get one started. The Enterprises have finally found me after quite some time and the feeling that is gotten from them could not be expressed in words. I want to thank you for sending them and I'll bet my last dollar, fancy that, it nearly is—that everyone in the service who is getting the paper really appreciates it.
Life in the trees isn't bad—if you like coconuts. Kidding aside, we are doing nicely out here. We now get fresh potatoes, meat, fruits and butter with which we have been without for some time and a fresh water shower—consisting of a bucket with holes, but it serves the purpose and also electric lights in our tent, so it seems that we are back to civilization.
I want to say hello to all of my boys scattered all over the world, and thanking you again for the paper. May this war end soon so all can get back to their loved ones.
I remain,
As ever,
William A. Felto, AMM 2/c
February 22, 1944
San Diego, Calif.
Dear Editor:
I don't get much time for writing but now that I do, I'm taking this opportunity to thank you for sending the Enterprise to myself and all the other boys in service. I've been here in San Diego Recruit Depot, Marine Corps Base, three weeks today, and I was here only one week when I received my first paper from you and I was sure glad to read of the things happening back home.
The Marines have a wonderful training base here. The boot training is very tough, but of course they know what a man has to know and be able to do, so I guess it is all for the best.
Well, I must close now for it is time for lights out. They put the lights out at 10:00 p.m. If you're ready and if you're not they still turn them out. Again I want to say thanks for your great little paper.
Yours,
Private Robert W. Craig.
Mrs. Arthur Lamb was the guest of Mrs. Angell in Northville Tuesday.
Mrs. Mahlon Bradley entertained her bridge club Monday evening.
Mr. and Mrs. Harrison Johnson were guests of Dr. and Mrs. D. H. Saley in Northville Wednesday evening.
