That has been our purpose through the past months, and years, and we hope that in some small measure we have succeeded.

Voting, more than any other American privilege, gives each and every one of us the opportunity to serve.

In communities such as Farmington, America is more characteristically represented than anywhere else, and that is the primary reason why it is so important that we get out the vote right here at home, and in areas like ours all over the United States.

In Farmington we find a cross-section of Americanism — small business men, farmers, industrial workers, and the so-called "white collar" class. To date our only medium of expressing ourselves in governmental circles, and the affairs of this great nation, is through the vote that we cast at election time.

**GET OUT THE VOTE!** Study the issues, and then vote for the man you feel best qualified for the great undertakings that lie ahead.

**VOTE**  
**Tuesday,**  
**November 7**
