DUST CHASER Work en will welcome word of an women win welcome word of an electrical device that removes dust and smoke from the air, promising less frequent need of housecleaning after the war. Electrically charged plates are installed in the air-duct of the heating system. These plates collect dust particles in much the same way that a magnet attracts bits of metal. Smoke, dust and dirt are precipitated on the plates, leaving the air clean

Saving electricity saves

EASTER BASKET Children love this novel cake recipe suggested by our Home Service Department:

Individual Easter Baskets

Follow recipe for your favorite vellow cake, Bake cake in a large shallow pan. Cut cake when cool into oblions piecos four inches fong and 2½ inches wide. Hollow out the centre of each piece of cake so that it will resemble a basket. (Be rure to leave a quarter-inch edge around the basket. You will find that the cakes will then be easier to frost.) Frost each of the cake baskets with your favorite white icing. each of the case easkers with your avoiries wine temp.

Roll baskets in cocoamul that has been thinde a delicate
yellow. Make handles to the baskets from strips of
angelics, candide orange peel or fresh orange peel. Fill with
varicolored fruit balls or pandy Easter edgs.

TURNOVER . . "A good company to work for," our employes often say of us-a sincere tribute that we value highly. Their opinion is reflected in the small labor turnover figure for Detroit Edison, Turnover averaged only 1.2 per cent per month during 1944, te keen competition from other war industries for the services of our men and women.

KITCHEN CRAFT Sandwiches will keep their original freshness if you place them in the crisper drawer of your refrigerator. You needn't wrap them.

– The Detroit Edison Co.
