**The BLUE and WHITE****JUNIOR CLASS  
BIDS SENIORS  
FOND FAREWELL**

Questions have been numerous relating to the shop display on the West side of the gym; therefore, the Blue and White will endeavor to answer them.

The ships are exact replicas and were copied from a similar display on exhibition a few years ago on the twelfth floor of the J. L. Hudson Company. The following sea faring vessels are represented: Sea Witch, Mosquito Boat, Submarine, Oil Tanker, Submarine Chaser, Cutty Sark, Fishing Schooner, Liberty Ship and Harbor Tug.

The individual (a member of Farmington High School class) who created these interesting works of art has spent many hours at his hobby. In fact, this project has extended over a period of two and a half years. You ask who it is? Frank Plettenberg is the name.

**Novel Exhibit  
To Climax Displays**

Attractive window displays all ways are seen in the east end of the gym, and the Home Economics department is, usually responsible for them. The next one will be constructed by Home Making class 2, their subject being "Spring Clothing." Watch for that "professional touch." The girls promise something quite different.

**Chinese Odd Customs**  
In all Chinese drinking games, the loser instead of the winner drinks. A wolf is the emblem of cupidity and rapacity—just as on Broadway, Chinese shake their own hands when greeting each other.

**BOND SALES SOAR**

**\*TIS SAID...**

With that stupid Journalism owl looking wisely at me and clacking its bill in a good imitation of pappy when his uppers slip, the column tries to "ride again."

I had this one fine joke about Michigan weather, but it turned so nice I'm afraid to use it for fear the weather man will get his feelings hurt. New Mystery title, "The Revenge of the Meteorologist" by "Stormy Weather."

Social note: Great Mitchell will be seen most any day now in the loudest tie he can find... after all these years in khaki who could blame him?

A big cheerful "Gladaseya" to Leo Hupert, Dave Cairns, Auckey Auten, and the other fellows who are, have been, or will be home.

The check that our new Studio from Cranbrook gave the populace (mostly female) with his yellow pants almost rated First Aid.

Desides a comforting indigestion (not being used to eating meat) we derived from the Junior-Senior Banquet the fact that Norm Balone is the town's leading citizen... he works behind the cigarette counter...

And Nancy — you don't need the study hall pass to get out for a fire drill... — I. Thea Lott.

**GIRLS SELECTED  
TO ATTEND  
GIRLS' STATE**

The American Legion Auxiliary announces Betty Hunt and Elizabeth Johnson as Farmington representatives to Girls' State. Marge Schroeder and Naomi Cox were selected as alternates.

Candidates were suggested by the faculty, but the final choice was made by an impartial committee from the Legion.

The program, dedicated to the training and development of girls who possess inherent qualities of leadership, will be held sometime during the summer. —P.M.E.

**JUNIOR MODELS  
MINIATURE  
BOAT TYPES**

Farmingtonites, under the rationing system, have not seen a great deal of red meat, or other point requiring foods; however, Saturday evening, May 19, the Junior-Senior Banquet showed much of this pre-war, post-war dream stuff. Senior fashions glowed and the Juniors looked rewarded for their efforts.

Other outstanding features of the annual fete were splendid table decorations and those unusual after-dinner speeches by Bob McLean, who welcomed the Senior Class, and Milton Knight, who expressed the appreciation felt by the Seniors. They were introduced by genial toastmaster, Norm Balone. The banquet was followed by an hour of dinner dancing, featuring "The Torrid Five," an orchestra composed of F.H.S. students.

The occasion brought to mind the parting of these two classes which have worked with such cooperation for the past three years, and the prevailing mood seemed to signify a mutual catch-in-the-throat at dissolving this friendly union. —L.M.

**Automatic Checking Gatos**  
The parcel-locker checking service is now handling over 37 million parcels annually, an increase of 600 per cent over 1931, when engineering practices were first applied to the business. A far cry from the original automatic lockers installed in 1909, today's carefully designed and located units are providing maximum service in over 2,000 locations despite wartime steel restrictions making new equipment impossible since 1941.

**Fox Benefits Farmer**  
Although the farmer and the fox are such inveterate enemies, they manage to benefit each other in a great many ways, always quite unintentionally. The fox destroys numerous field mice and woodchucks for the farmer and in return the farmer supplies him with poultry and builds convenient bridges over streams and wet places which the fox crosses often than the farmer, for he is as sensitive as a cat about getting his feet wet.

**MATCH THEIR SPIRIT in the MIGHTY  
7TH WAR LOAN DRIVE**

YES, despite their long months and years of privation and suffering, those gallant men, just released from filthy Jap Prison Camps, still have their good old fighting spirit. They're itching to get back into the fight and give the Nips a taste of their own medicine.

Let's show them that we're not quitting either! Let's match their spirit with our dollars! Let's make this MIGHTY 7th War Loan the mightiest of them all!

But to come even close to matching their sacrifices, everyone here at home must buy War Bonds until it hurts. Buy double or triple the extra War Bonds you've bought in any previous drive. Remember, this is really two drives in one. In the same period last year, you were asked to subscribe to two War Loans.

So let's go, Americans. Our hard-fighting Soldiers, Sailors and Marines are giving their ALL. The least we can do is to lend our dollars.
