"My electric water heater helps me around the clock"

AT 8:00 A.M.

AT 6:00 P.M.

AT 10:00 P.M.

"I'll never again be without automatic hot water. It's quite inexpensive—only a few cents a day. (We hadn't known before that Edison has a special low rate for water heaters.) We've been pleasantly surprised, too, to discover that electric water-heating is completely clean—and dependable and trouble-free. In our home hot water flows all day—for washing dishes, laundry, washing and scrubbing, baths, constant washing of faces and hands. It certainly pays to have hot water always on ap. .. no trips to the basement ... no waiting. From my husband's morning shave to late baths, our electric water heater helps us around the clock. We consider it one of the finest services electricity brings us."

The DETROIT EDISON Co.

See your dealer or plumber for information. He will be glad to help you select the model that will fit your needs.
