Chinese Three Syllables
 Chinese is limited to words of one to three syllables. The 400 vocables constitute the only one-syllable words. Other words are formed by joining vocables with a hyphen. Thus, the words meaning "east" and "west" joined by a hyphen mean "thing."

Like to See Them Live
 Latin American audiences don't like to see an actor die in one picture, turn up a week later in another one. U. S. moviemakers are up to the task as to how to handle the situation. The Latin American movie fans demand their money back every time this occurs.

*"We're all in hot water
 —and happy about it!"*

"The whole family's in hot water day in and day out—and it's a delightful experience. From Dad's early-morning shave to the last bath in the evening, hot water is making our life easier, cleaner and pleasanter. Before we had it always on 'tap,' we didn't realize what a difference having it would make. Now we know—after having it for daily scrubbing and cleaning, unending washing of hands and faces, dishwashing, baths and showers, and so on. We're really in love with our electric water heater. It's completely clean—and dependable and free of trouble. It costs us only a few cents a day to operate, for Detroit Edison has a special low electric rate for water heaters. I'd advise you to get an electric water heater just as soon as your dealer can let you have one."

Water heaters are not generally available for sale now. A few are being manufactured and distributed. It will be to your advantage to have your name on your electrical dealer's list, so that you will be able to get one at the earliest possible time.

Only a generation ago household tasks were drudgery—particularly for the woman in the home. Today they are a pleasure. Why? Because of the comfort and convenience that electric appliances have brought to the American household. Electricity has made the old-fashioned way the wasteful way. Make your home today and your home tomorrow better. Turn on the electric life.
