

# FARMERS OFFERED FULL PARITY PRICE ON WHEAT

A wheat purchase program that offers farmers the full parity price for 1945 crop wheat was announced August 25, 1945 by the Department of Agriculture in accordance with provisions of the Stabilization Extension Act of 1944.

Farmers putting wheat under a "commodity credit Corporation loan will have the option of selling the wheat next spring to the Production and Marketing Administration at 15 cents a bushel above the applicable loan value, less charges. The 1945 loan rate for Oklahoma county is \$1.50 per bushel, says Walter R. Cook, County Chairman. The purchase program is applicable to both farm-stored and warehouse stored wheat.

All unredeemed farm-stored wheat on April 1 next, which is delivered to PMA by the producer in accordance with the instructions, will be purchased by PMA. The purchase price will be the applicable loan value for the wheat delivered, plus 15 cents per bushel, but not more than the ceiling price. The producer will be paid the difference between (1) the purchase price and (2) the unpaid amount of the note plus interest through the date of purchase and including the amount of accrued unpaid warehouse charges through the storage year under the Uniform Grain Storage Agreement.

Hearty congratulations are extended to Mabel Eddy Peterson, O.C.D. Chairman of Livingston Township Harvest Show, held September 8. Her selection of chairman and active committee members was excellent, for the harvest show was exceedingly well planned.

The flowers and flower arrangements were outstanding this year and the civic program was greatly enjoyed, with the Wurlitzer Accordion Band lending its music in a most delightful manner.

The children who visited the show were delighted with the comic animals made of ill-fitted vegetables, and all the visitors seemed to enjoy the show from beginning to end.

Cash awards were given to all prize winners.

All unredeemed warehouse-stored wheat in Michigan will be purchased as of May 1, 1945. The purchase price will be the applicable loan value for the wheat delivered, plus 15 cents per bushel, but not more than the ceiling price. The producer will be paid the difference between (1) the purchase price and (2) the unpaid amount of the note plus interest through the date of purchase and including the amount of accrued unpaid warehouse charges through the storage year under the Uniform Grain Storage Agreement.

## MANY ENTRIES FEATURED IN HARVEST SHOW

The flowers and flower arrangements were outstanding this year and the civic program was greatly enjoyed, with the Wurlitzer Accordion Band lending its music in a most delightful manner.

The children who visited the show were delighted with the comic animals made of ill-fitted vegetables, and all the visitors seemed to enjoy the show from beginning to end.

Cash awards were given to all prize winners.

## Service Notes

Lt. Clifford Desarmieux, who has been stationed in Paris in the army postal service, is spending a thirty day furlough here.

Cleo Longenecker has recently earned the rating of TR 3/c.

A letter just received from Corporal Henry Mahaney states he has just been promoted to Sergeant, T/4, on August 30. Sgt. Mahaney has been in service three years, and overseas two years in May. His outfit saw action in North Africa, Sicily and all the way up Italy to the Swiss border. Sgt. Mahaney has five battle stars, with 358 actual combat days. He has been in the outfit for one year and is now doing post security work at Naples, Italy. He has 59 points to his credit.

Sgt. Lawrence Way is now stationed at Sioux City, Iowa.

Amberg, Germany August 21, 1945

To the Editor: I have been receiving the Enterprise for some time now. It is long past time, though, I should have written thanking you and your staff for sending me the paper. By now I'm looking forward to receiving the paper as much as if it were a letter.

My outfit has been stationed here in Amberg since shortly after the war was here ended. The war and all its destructive forces by-passed the town, so that we feel quite fortunate in being able to view buildings that aren't destroyed.

Our living quarters are in German barracks that were constructed in 1935. They have most modern conveniences, including a central heating plant, but I would like to trade my Army cot for a bed with springs and a mattress. My thanks again and my best wishes for a prosperous post-war era.

Sincerely yours, William J. Krasnow

John Franklin Potts, Jr., machinist's mate, third class, USNR, recently arrived at the Naval Training Station, Norfolk, Virginia, Atlantic Fleet training center for destroyer crews, to undergo instruction for duties aboard a new destroyer or similar type vessel. He is a veteran of 48 months duty aboard the light cruiser USS Denver in the Pacific. He wears the American Area ribbon, the Asiatic-Pacific Area ribbon with four combat stars, and the Philippine Liberation ribbon with two combat stars.

Before entering the Navy, he was employed by the Uhlmann Optical Co., Detroit. Son of Mr. and Mrs. John F. Potts, Sr., of 19912 Farmington Road, he has a brother and a sister in the armed forces. Kenneth E., 13, is a seaman, first class, in the Navy, and Anne E. is a sergeant in the WAC. Potts attended McKenzie High School in Detroit.

More than 225 student-soldiers, enlisted men in the Army Specialized Training Program, have been officially commended for the successful completion of required work in engineering at the Pennsylvania State College. With the exception of 20 men who will go to camps for basic army training, the graduates will continue their work in electrical, civil and mechanical engineering. Among those attending the college is Thomas R. Woodley, of 17334 Louise, who is taking basic engineering.

September 2, 1945

Gentlemen: Just a line to thank you for sending me the home town paper. You probably know what it means to us, who are far away from our loved ones. It makes me feel that I am not entirely out of touch with the local happenings. I have never been to the State of Florida before, but I can imagine that it would be nice if one were just down here to loaf. Of course I do very little of that though, and I can tell you that it gets mighty hot during the day, the nights get quite cool. We have a lake here in camp and it has a beautiful beach for the exclusive use of the men in our Regiment.

Was very pleased to read that we are going to solve our garbage problem at home. I feel that the next big need in our town is a water softening plant.

Thanks again for the paper, and hope that now that the war is over and peace has again come to the world, the day won't be too far distant when I can read the Enterprise in my own living room.

Of course that is the fondest hope of all men, to be once more restored to their families and loved ones.

Sincerely yours, Pvt. Ivan B. Clarke

Edward Cairns, who has been serving in the European Theatre, is now home on 30-day furlough.

Sgt. Ray Mahaney who is now stationed at Fort Knox, Kentucky, was home over the Labor Day week end with his mother, Mrs. Mahaney, and brother, Rodrick, and family.

Corporal Frank M. Brady has recently arrived back in the States, flying home from overseas, after spending 22 months in service with the 459th Fighter Squadron of the Army Air Corps. He was in the C.B.I. Theatre and in India. His home address is 28090 Albee Way Road.

Floyd Taggart will be home this week, discharged from the Army, after 43 months of service in the European Theatre of Operations. He had 117 points to his credit. Floyd is the son of Mr. and Mrs. Orville Taggart. His brother, LeRoy, recently arrived home, also with an honorable discharge.

Corporal Bill Holmes has returned to the home of his mother, Mrs. E. Holmes on St. Francis from the European Theatre, having seen prolonged service in North Africa and Italy.

## CLARENCEVILLE (By Mrs. Axel Rutlia)

Most of us are back in the old stride again with the opening of school, club meetings, card parties, etc. Here is a roster of important dates coming up in this community.

Friday, September 14: Mothers' Club Fashion Show at the High School.

Wednesday, September 18: 10 a.m. Meeting of all Girl Scout leaders and committee folks, at Mrs. Killers on Eight Mile.

Friday, October 5: Parent-Teacher reception at High School. Everyone invited to come, and at the same time see the new additions to the high school. Program and lunch. Free to all.

Friday, October 12: Mothers' Club bazaar and bingo. Hand made articles and home made baked goods, candy, ice cream and lunch. Keep this date open.

The proposal to transfer the money left from the new High School account to a fund for building a new shower room at the high school carried, and the old shower room at Central School will be used as a kitchen and so when these plans are completed, lunch lunches will be out of the mythical stage.

With the opening of school new faces were seen on the teaching staff of all the schools. Most noticeable was the absence of Miss Blain Smith of Edgewood School, who has had to resign because of ill health. Miss Smith had taught many years in the same building. Mrs. Mable Gram, another of the Edgewood teachers for the past eight years, is also among the missing, having taken a position in Burlington.

Mrs. Dave Ryall entertained her card club at luncheon on Tuesday, as did Mrs. Jay Williams of Hancock, last Tuesday.

The Mothers' Club Council met at Central School on Tuesday, and plans were laid for a teachers' reception and bazaar.

Mrs. Wells and daughters have taken up residence again on St. Francis.

The Boy Scout Troops of CL 1 and CL 2 have resumed their troop and patrol meetings for the year, and those of CL 2 are getting ready for a rally at Burton Woods this week end. There are those older scouts who have gone out for football this year, and will be unable to participate in scout activities. Coach Samuels is working long and hard with the boys. Murray Callan who graduated last year is helping, also. Clarenceville will assuredly be in there pletting again this year. Great enthusiasm is being shown among old and new scouts, and no doubt there will be a great rally among the younger sprouts in that line when the season comes along. Parents following should be great for this year with so many, from 13 to 15 years old, in the school. Parents can derive a lot of fun from following these youngsters, if they only will put themselves out a bit and it all adds up to good citizenship and community spirit.

About 25 members of Youth Fellowship of the Methodist Church are spending this week end at Lake Orion.

There are those of us who have heard from Mrs. Winifred Balfour who is now residing in New Mexico to with her daughter, Ruth, and son.

Little ten year old Dorothy Lint,

daughter of the Alfred Lints Sr., of Roosevelt, who recently was hit by an automobile on Grand River, and suffered head injuries, has returned home from a Pontiac hospital.

Mrs. Helen Barnes is moving in to her new home on Ontario.

We are glad to see Mr. Jensen able to be out and around again. The Joseph Butlers and Mrs. Harvey Dault and children have returned from their vacation in Florida.

Mrs. Henry Dehanke is vacationing in Sault Ste. Marie during the height of the hay fever season.

The Fred Baileys of St. Francis returned on Monday evening from a week end trip to northern Michigan.

The P. R. DeLueil's have entertained Mrs. DeLueil's sister from Kentucky recently, spending some time at their Canada Creek Ranch. Bob DeLueil flies to and from the cabin.

Mr. and Mrs. Ralph Otto and Mrs. Chauncey (Florence Mead) spent the week end with the Otto Schencks on their farm near Traverse City. Mrs. Chauncey remained for a longer visit with her sister, Mrs. Schenck.

Mrs. Albert Brown of Shawnee has returned from vacationing with relatives in Eaton, Onto. The Williams family, who were fatally burned on Wednesday morning, when their Southfield Township home was destroyed by fire, are relatives of the Robertson, Lawrenson and Marsh families of our district. Mrs. Williams attended our schools.

The Raymond Forsythies of Ontonagon announce the arrival of a daughter.

The Minnicks of Cambridge spent Labor Day week end at Mack Lake and last week end in the Northern Peninsula on business.

## CHANGELESS

### In a Changing World

Today the world is a scene of amazing changes. Wartime restrictions show their influence in every sphere of life. Even marriage customs are altered to suit the expediency of war. There are furlough weddings in double time . . . a scant and simple trousseau. But with all these innovations it is good to remember the changeless beauty of genuine Orange Blossom rings whose perfection admits of no change—whose excellence is everywhere recognized. And best of all, these quality-fine rings are surprisingly economical to buy.
