

FIFTY-SEVENTH YEAR—NUMBER 51

FARMINGTON, MICHIGAN, THURSDAY, OCTOBER 4, 1945

5 Cents a Copy

Farmington Loses League Opener

Play Friday
At Walled Lake

Farmington, in a complete reversal of form from that of last week, dropped their first league game of the 1945 football season, to Holly by a score of 21 to 0.

Farmington showed its only real offensive power in the first quarter of the game. Farmington fans thought on three different occasions that Farmington had scored, but each time the loss of the score, Farmington seemed to lose their punch after these failures and it was all Holly from then on in.

Holly had two excellent backs in Adams and Strigrow. These boys were fine runners and goal passers. Farmington's line play was much weaker than that displayed a week ago.

Statistics of the game show Holly had 12 first downs, as against 11 for Farmington; they attempted 12 passes, and completed 6, while Farmington attempted 22 passes and completed 10. Holly had 50 yards in penalties, while Farmington had 30 yards of penalties.

Holly scored 12 points in the second quarter and another 12 in the last quarter, to make the score 21 to 0.

Farmington's loss at Walled Lake this week was a real blow to the team of that school. Walled Lake has a team of veterans and their prospects are bright. On Wednesday, October 10, the Falcons will again be at home entertaining Milford High School in a mid-week game, due to the teachers' strike.

Farmington is still bothered with injuries, but hopes to be at full strength for this week's game at Walled Lake. Farmington has had the use of its regular guards only for a part of the game with Plymouth when they were injured and had to be replaced.

REMODELING COMPLETED AT THE BANK

The Farmington State Bank, through recent remodeling and redecorating, is now prepared to give even better and more complete service than they have in the past.

The space formerly occupied by the Farmers Bank Shop has been made into a small room, designed for the use of customers who wish to open their safety deposit boxes. Before this space was available it was impossible to allow any convenient privacy for deposit box customers, and only a very small space could be allotted to this department.

Other parts of the bank have been rearranged, and the interior has been painted throughout, presenting a clean and bright appearance.

RANCH HOUSE DESIGNER TO BE EXCHANGE SPEAKER

Lawrence E. Good, director of the Detroit Inter-American center, who has spent the past seven years in South America, teaching and studying, was guest speaker at Wednesday's meeting of Farmington Exchange Club. Mr. Good gave a most interesting talk on the subject, "Latin America, Neighbor or Friend."

Leo Halsted is in charge of next week's program at Exchange Club, and he has secured a most worthwhile speaker, Richard Folman, who will talk on "Current Trends in New Residences." Mr. Folman, a designing engineer, is the foremost designer of ranch houses in the United States. All members will want to attend and hear this outstanding speaker. Wives of members, who would like to hear, Mr. Folman, are invited to be at the meeting at 1:30, and hear the program.

Exchange Club meetings are held each Wednesday noon in the dining rooms of the Methodist Church.

Mr. and Mrs. Harrison Johnson entertained Sunday Mr. Sam Widrick, promoter; Mr. Harvey Hagman, starter and Mr. Wayne Grove, judge at the Northville Downs race, track.

Newspapers Given Recognition

This week, from October 1 to October 8, is being observed as National Newspaper Week. The proclamation of Governor Harry P. Kelly reads as follows:

With the glorious achievement of final victory over our enemies, the four basic freedoms, guaranteed by our cherished charter of liberty, have been preserved anew to the American people.

As we approach the annual observance of National Newspaper Week, October 1 to 8, and National Newspaper Day on October 6, it is fitting that we should reflect on the priceless blessings of a free press—one of the staunchest bulwarks of our democracy.

Truly it may be said that a free press is the torch of world peace, showing the way toward restoration of orderly relations among nations through the establishment of a broad pattern of mutual understanding and good will.

Therefore, I, Harry P. Kelly, Governor of the State of Michigan, designate the period of October 1 to 8 as National Newspaper Week, and October 6 as National Newspaper Day.

At the same time I call upon our citizens to renew their faith in the democratic principles that have made our beloved nation strong and urge them to give expression to our deep appreciation of the privileges and guarantees of our precious American system of liberties.

Given under my hand and the Great Seal of the State of Michigan, this twelfth day of September, in the year of Our Lord One Thousand Nine Hundred Forty-five and the Commonwealth, the One Hundred Ninth.

Harry P. Kelly, Governor.
State of Michigan.

During the war it has been the intention of the newspapers of this nation to serve as a prompt and efficient medium of communication between the government and the people. Through this instrumentation of information and inspiration, the American people have bought more than \$400,000,000 worth of war bonds, collected vast stores of scrap steel, saved millions of gallons of fat, and gathered millions of tons of waste paper.

Newspaper support for the Seventh War Loan Drive reached an all time high. Statistics show more sponsored advertising in daily and weekly papers, as well as more news and editorial support. In addition newspapers support of special drives, such as the United National Clothing Collection last April, have added much to the success of the campaigns.

Just as your newspaper has endeavored to serve you during the war, we hope to serve you even better during the peace, now that restrictions are being lifted, and with assurance that sufficient help will soon be available. Call on your community newspaper when there is some way in which we may be of service to you.

EATON RAPIDS MAN INJURED IN ACCIDENT

An Eaton Rapids, Michigan, man was seriously injured in an accident which occurred last Saturday evening on Grand River Avenue, near the Parochial School.

Charles Church was returning to his home, and had stopped to fix a flat tire. He was parked at the curb, under a street light. His automobile was faced to the West, and the flat tire was on the curb side of the car.

A car driven by Mrs. Clara Lockwood of Novi also going west on Grand River, hit the Church car, striking the right rear of the car, with the left front of her automobile. Mr. Church was pinned between the two cars, sustaining serious injuries. He is in a critical condition at Redford Receiving Hospital with a fractured skull, possible fracture of the neck, fracture of both collar bones, the right arm and the left leg.

Mrs. Lockwood made a statement to the Prosecutor, and was released, pending a report on Mr. Church's condition.

Business was better than his highest expectations, according to Bill Everhart, the proprietor and manager of the new business day, and he was serving nothing but bread and butter. One customer went so far as to go home and get some cheese, returning to have them fix him up with a sandwich and a cup of coffee.

Mr. Everhart announced that he was serving one all right, and he invites his friends to stop in and pay him a visit.

A warm reception has been extended by the people of Farmington to the city's newest business venture, the sandwich and hamburger shop in the Civic Theatre building.

TO APPEAR HERE

CONDUCTOR KRYN

Kryn, who is to appear in Farmington at the head of his famous Symphony Orchestra on Thursday, October 11, at 8:15 p.m., is a unique personality. He began his musical career at the bottom. He is now at the top. He reached his present position by his own efforts and his possession of two qualities that are necessary for success in any profession, namely, tireless industry and confidence in self. Kryn has an unlimited capacity for hard work.

During his concert tours, which usually run from about August to February, his ordinary working day consists of from sixteen to eighteen hours. But it is during the preparation weeks immediately prior to the opening of his season that the untiring energy of this man is best shown. At this period the calls upon his time necessitated by daily rehearsals of his orchestra, the makeup of programs, the two hours given to musical composition and the supervision of his large business department, all combine to make such a day's work as would tax the energies of ten able-bodied men.

In his interpretation of modern music one sees his imaginative and creative power, and feels he is a real man in his natural sphere. It is easy to see that he believes in himself and is great enough to defy precedent. It is in this daring to set his own standards, in the musical pictures he creates, that the tremendous force of his individuality is unerringly shown.

Apparatus with Kryn and his Women's Orchestra are Miss Helen Lloyd, outstanding American violinist, Miss Martha Chilcoat, coloratura soprano, and Miss Clara Wolff, harp soloist.

Tickets may be purchased from the high school band and glee club members. They may be purchased at the Smith-Bradley drug store.

Proceeds of the concert will be shared by the Farmington High School band and chorus.

BUSINESS BOOMS FOR FARMINGTON'S NEWEST STORE

A warm reception has been extended by the people of Farmington to the city's newest business venture, the sandwich and hamburger shop in the Civic Theatre building.

Business was better than his highest expectations, according to Bill Everhart, the proprietor and manager of the new business day, and he was serving nothing but bread and butter. United Community Fund Begins Here On October 8

GEORGE SACHELL
KILLED IN
ACCIDENT

Word has been received here of the death of Corporal George W. Satchell, 29214 Independence, who was serving with the United States Air Forces in Germany. George was killed in a vehicle accident on May 20, 1945. He had been overseas for one year and a half.

George graduated from Northwestern High School in Detroit, and had been a resident of Farmington for five years.

Classes Elect New Officers

Classes at Farmington High School recently held class elections, and selected officers to serve for the school year.

Bob Miller was elected president of the Student Council, and Charlotte Shaw was named vice-president, with Elizabeth Johnson serving as secretary. Representatives on the Council are Arthur Orloff, Dick Fisher and Bill Conroy of the 12th grade; Carol Joy, Tom Balone, Marilyn Elchler and Donna Lambert of the 11th grade; Pat Evelyn, Ann Pierce, Marge Young and Hilma Howard of the 10th grade; and Barbara Putnam, Howard Packard, Beverly Taylor and Ivar Anderson of the 9th grade.

Senior class officers are Harold Turney president; Alvin Garchow, vice-president; and Bertha Hanson, secretary and treasurer. Junior class officers are Bob Chelsey, president; Doris Lathrup, vice-president and Doris Kobman, secretary-treasurer.

Sophomore class officers are John Grecu, president; John Peterson, vice-president; Peggy LaBadie, secretary and Pat Johnson, treasurer.

Officers of the Freshman class are Bill Goga, president; Dick Martindale, vice-president; and June Hunt, secretary and treasurer.

A Junior Student Council has also been formed, with the first meeting on Monday, October 1. Members are: Herbert Deibel, Audrey Vivier and Stella Zarych of the eighth grade, and Don Kirby and Gabriele Muhling of the seventh grade.

Eighth grade class officers are George Barrons, president; Dick Louys, vice-president, and Jack Boyce, secretary and treasurer. Seventh grade officers are Tom Hoffman, president; Gerald Pucher, vice-president, and Ann Duran, secretary and treasurer.

The Girls' Glee Club has also elected officers, with Mary June Eberole, president; Audrey Roberts, vice-president; Peggy Prisk, secretary; Margaret Brown, treasurer and Frances Hough and Dolores Garvey librarians.

MOTHERS' CLUB BAZAAR IS NEXT FRIDAY

The Clarenceville Mothers' Club Bazaar will be held at the High School on Middle Belt Road Friday evening, October 12, beginning at 7:30 p.m.

This will be a real, old-fashioned bazaar, with all the various booths offering a variety of hand-made articles and home baked goods. A splendid program of entertainment has been arranged, and there will be refreshments. You and your friends are cordially invited to attend this bazaar.

The underprivileged children's fund of the club was greatly swelled, due to an unusual amount of horse-play.

"Red" (Cargill) appointed his workers for the War Fund Drive, and outlined plans for carrying on the drive in the City and Township.

At the close of the meeting the Kiwanians were entertained by Chief Blue Sky, an Indian, who gave a program of imitations and calls.

Kiwanis Club President Ken Loomis, Richard Taylor and Cliff Tagg, went to Lansing on Thursday to attend the State Kiwanis Convention. Joseph Himmelsbach also attended, having gone to Lansing on Wednesday.

An announcement was made of a Sunday Night Service for Kiwanians, to be held at Soovik Presbyterian Church, corner of Grand River and McGraw. Kiwanis George D. Jeffrey, pastor of the church, will deliver the service, which will begin at 7:30 p.m. It is hoped that a good attendance will be recorded at this meeting.

Superintendent of Schools E. V. Ayres announced Wednesday that kindergarten classes in all schools will be resumed on Monday. School buses will be operating on regular schedules.

Kindergarten classes had been temporarily discontinued because of the gasoline shortage.

Glenn Cargill
Will Chairman
Annual Drive

Plans are now completed for the Oakland County United Community-War Fund in Farmington. Glenn H. Cargill, Farmington chairman, with the assistance of workers and solicitors, will make an intensive campaign between October 8 and 29, for the collection of contributions in Farmington.

The work that is carried on and made possible only through your support of the National War Fund covers many phases. The dollars you give to the War Fund will help provide warm soup and good bread for liberated allied peoples. Refugee children know what it is to be hungry, day after day, but through the generosity of Americans people their suffering can be greatly eased.

Right here at home we have neglected children, "war babies" you have perhaps heard them call, youngsters in trouble—can you put yourself in their place, and feel the tragedy of an unhappy childhood? Your donations to the Community War Fund will bring good care and wholesome relaxation to war's youngest victims, our own American children.

There are still thousands of America's young men, at the "forgotten" posts of duty all over the world. Here again, your dollars will go to comfort and bring them games and entertainment.

And to the boys who are destined to spend months in a hospital room, the USO supported by the Community War Fund is a God send.

There is but one united drive, The War Fund, to support all these organizations, and you will be asked for only one contribution. Give as much as you can, when you are called upon for you'll be contributing greatly not only to the comfort but to the well-being of our own service men and refugees all over the world, and at home.

CHIEF BLUE SKY ENTERTAINS AT KIWANIS CLUB

Farmington Kiwanians held a business meeting last night, following their regular meeting on Wednesday night. Guests of the club were Mr. Mattias of the High School faculty, the son-in-law of Stan Coon, who is in the Navy, and Mr. Brill of the Brill Electric Shop. G. A. Tarr was accepted into membership in the club.

The underprivileged children's fund of the club was greatly swelled, due to an unusual amount of horse-play.

"Red" (Cargill) appointed his workers for the War Fund Drive, and outlined plans for carrying on the drive in the City and Township.

At the close of the meeting the Kiwanians were entertained by Chief Blue Sky, an Indian, who gave a program of imitations and calls.

Kindergarten classes had been temporarily discontinued because of the gasoline shortage.

THIS WEEK ... along with newspapers all over the country, The Enterprise is observing National Newspaper Week. We should now have a keen appreciation for the rights of a free press, as we have never had before, for despite wartime censorship the newspapers of the United States, came through the war years. Now as we start in an era

of peace it is the newspapers that can carry the torch—and you'll find them lacking when there is a job for them to do. This is our opportunity to renew our pledge to serve you in every way, to the best of our ability, and that is just what we aim to do.

UPPERMOST ... in the minds of many of our citizens is the question, "Have I got enough gasoline to do this or that," and probably we will find the answer is no. When one of Farmington's service stations did succeed in getting a supply of gasoline this week, he had business the likes of which he never had before. During the war there was no complaint at the inconveniences and shortages, but there is little in the current gasoline strike to arouse any patriotic motives and almost everyone we've talked to is mightily aroused about the whole thing.

MUSIC LOVERS ... are enthusiastically responding to the opportunity they have in hearing a fine concert next Thursday evening, October 11, when the Kryn Symphony will appear at the High School Auditorium. Get your tickets now before the supply runs low.

THE TIGERS ... on the minds of the fans of the World Series. There isn't a one of us who wouldn't give a good deal to be right down there in the Stadium watching them, but at least our hearts are there and we're rooting just as hard as we can.

THE GARDENERS ... to get their remaining vegetables in put of the gardens, and safely stored away, for with the threat of frost they are afraid the life of the garden is mightily limited. If you see your neighbor digging in his back yard, don't think he is searching for buried treasure—he is merely fixing up a storeroom for his vegetables.

NEXT WEEK ... has been designated as Fire Prevention Week. Since it has been so lately established that about half the losses from fire can be traced to faulty construction, why not take this time to check over

your own home and business, and see if a little modernization would not greatly reduce the loss from your own property. It will be too late to do anything about it after you have a fire, so do it before that happens.

WE'D LIKE ... to call your attention to a new feature in The Enterprise, starting this week. It is a series of pictures and historical comments on "Michigan and the Old Northwest." Save each column as it is printed, and you will have an accurate, interesting history of the early history of our Michigan.

BEST WISHES ... for a speedy recovery to Commissioner Emory Hutton. Seems mighty strange not to see him about the store, for he is almost always there, always ready with some quip or jovial remark.
