We're talking about your al telephone service

More rural telephones are served by Michigan Bell today than ever before. But during the war, shortages prevented the addition of enough telephone lines. So, generally, more people are sharing each rural line.

Now that the war is over, we intend to remedy this situation as rapidly as conditions will permit. Meanwhile, you and everyone else will get better rural telephone service if you will do these three things:

- 1 Please keep all calls sho
- 2 Please do not listen in or interrupt when the line is in use.
- 3 Please be sure to hang up your receiver carefully. One receiver off the hool: can tie up a whole line.
