CHICKEN and STEAK Dinners

**SOUTH LYON
WILL HAVE HUGE
CELEBRATION**

Sponsored by members of the South Lyon Kiwanis Club, there will be a free Farmers' Festival and Victory Celebration on the streets of South Lyon on Saturday, October 20.

The complete plans for the day show that enough effort and enthusiasm is being put into the celebration to make this the outstanding event of the year in South Lyon.

A big parade, led by William Ford's 4800 lb. team of oxen, will start at 11:00 a.m. Beginning at 12 o'clock noon, and continuing on through the rest of the day, there will be a big free barbecue, 1200 pounds of Michigan's finest beef, barbecued by experts, com-

plete with all the trimmings is on the menu for guests at the celebration.

A program of street sports including games of all kinds, greased pig and greased pole races, and prizes for all events, has been planned. In the evening there will be a street dance, with entertainers and music.

At 8:00 p.m. grand prizes will be awarded. These prizes include a New Ford Ferguson Tractor, new electric refrigerator, new John Deere Hammermill and a new McCormick-Deering cultivator.

This is indeed a real victory celebration and all Farmingtoners are extended a cordial invitation to attend by residents of neighboring South Lyon.

Tickets for the grand drawing are now on sale, and you may purchase yours in Farmington at the Enterprise office.

Drying Serrancker

Seersuckers need no ironing, except along the seams, but they're supposed to be dried to shape, and that means hanging-drying. Put garment on ordinary coat hanger (be sure it's rustproof, or else wrap in clean white cloth) anchor hanger to line with clothes on each side of hook; then gently shape sleeves and waist and straighten hem.

Dielectric Heating

Dielectric heating (heating by passing high frequency current through a material) has become an essential production method in numerous industries. It is used in the manufacture of plywood and plastics, for the drying of penicillin, and it may take on the role of destroying bacteria and weevils in cereals after packaging.

Farm Fatalities

More farm people were killed by accidents in the first two years America was in the war than there were Americans killed in the war itself.

Falls Accident Cause

Two-fifths of the total farm accidents in 1943 occurred in the home. Falls head the list of causes.
