## NOVI NEWS

By Mrs. George Walte

(November 15, 1935)

Mrs. William MacDonnell of Redford was a Saturday visitor at the Walte home.

Mr. and Mrs. George Atkinson and Mr. and Mrs. Hadley Bachart were Sunday dinner guests of the Dentons in Redford.

Mr. and Mrs. George Hines accompanied by the former's sister from Phoenix, Arizona, who is their house guest, were Sunday visitors at the home of Mr. and Mrs. Don Hines of Utica.

Mr. and Mrs. Ted Ramsey and two children of Pontiac were Sunday visitors at the Ford Brooks home.

Jean Munro who is attending school at Ann Arbor was a Sunday visitor at home.

Mr. and Mrs. Osea Blaisdell of Detroit were Sunday visitors at the George Walte home.

The Rebekah Lodge went to Birmingham on Tuesday evening to put on the degree work. They chartered a bus and attended, with about 50 members.

Mr. and Mrs. Charles Trickey and daughter, Loree, left Wednesday morning for a week's hunting at Mio.

Mr. and Mrs. L. J. Putnam and Mr. and Mrs. Chair Lockwood left for the north on Saturday evening.

The Oddfellows put on the 3rd Degree on Monday evening. Some of the Rebekah sisters served a lunch at 10:30.

Mrs. Helen Olivich was a Detroit shopper on Saturday.

Sgt. William Hansor, Jr., who is stationed in Chicago, spent the week end with his family.

Lillian Hansor was tendered a birthday party on Saturday. She had 14 girls to spend the afternoon. Games were played and refreshments served.

## CHRISTIAN BUSINESS MEN MEET HERE

The November banquet for men, sponsored by the Christian Business Men of Suburban Detroit, was served at the Baptist Church at 7:00 o'clock on Tuesday evening. Fifty men from churches of this area were served on that occasion. The speaker for the evening was Harry Ernst of the Swift Packing Co. The banquet was led by Harry Thompson of Detroit. These banquets are open to all the men of the Farmington area and are served at a dollar a plate.

## LOCALS

Mrs. Mark Daines left Tuesday for a few days visit with her sister in Toledo.

George Newlin has returned from a business trip to Mexico City.

Mrs. Charles B. Miller and son Jerry, of Tuck Road have returned from Pittsburgh, Pennsylvania, where they were called by the death of Mrs. Miller's father, John Polyak.

Mrs. H. A. McIntyre visited her daughter, Mrs. W. J. Banfield of Milford, Friday, who has been ill for several days.

Mr. and Mrs. Frank Faulkerson, Mr. and Mrs. Ford Muldren, Mr. and Mrs. Verne LaRue, Mr. and Mrs. Emil Pyroala and Mr. and Mrs. Stanley Packard recently visited Mr. and Mrs. Gerald Banghart at Edwards Corners, near West Branch. The Bangharts are doing well in their new business.

William Packard of Saginaw spent a week with his son, Stanley Packard, on Greening Road.

Mr. and Mrs. B. G. McIntyre of Jefferson Avenue called on their sister, Mrs. Alfred DuCharme on Saturday, and also their cousin, Mrs. Katie Anderson in Highland Park.

## LOCAL DEALER CAN SUPPLY FRIGIDAIRE

"Thanks to the advance planning of the officials of Frigidaire, I am today able to offer Frigidaire Electric Ranges and Refrigerators to the public of this community now," announced Wm. Winter, of Winter Appliance Co. local Electrical Appliance Dealer at 7-Mile and Farmington Roads.

"Immediately upon cancellation of all war contracts, Frigidaire started re-organization of manpower, equipment, materials and facilities to begin production of all the famous Frigidaire products and appliances. The electric ranges and refrigerators, which proved such a boon to housewives, before the war, are again equipped with the exclusive Frigidaire developments for saving Mrs. America time, labor, food and electricity in the operation of a cleaner, cooler and more modern kitchen."

"Among the many features of the Frigidaire Electric Range are the Radiantube Cooking Units, the Cool-Booster Control, the Clock Control, a finish of Lifetime Porcelain, the high speed broiler, and the Thermizer Deep-Well Cooker. The Thermizer Deep-Well Cooker averaged Mr. Winter, "The Thermizer Deep-Well Cooker on the Frigidaire Electric Range is an equally important time and labor saving device, allowing the housewife to cook an entire meal together at one time at an average current cost of 2 cents or less. It can be used for slow cooking of such foods as pot roasts, baking a few potatoes, or for simmering the good thick soups that make an excellent one dish meal."

"Then too, electricity cuts down the time of cleaning the kitchen. There is no smoke or soot to smudge the walls or blacken the curtains. The slick porcelain surfaces of the Frigidaire Electric Range are as easy to wash as a china dish."

"The more time a woman is accustomed to spending in her kitchen, the more time she should try to save there."

"One big sign in that direction is to cook with electricity," added Mr. Winter.

## Ask the Expert

By Courtesy Of  
SMITH-BRADLEY DRUG CO.

Should you be tempted to buy medicine solely upon the recommendation of friends or advertising claims, ask a well known and trusted druggist if he can vouch for it.

It is not likely that he will advise any medication without your first seeing your physician. The more serious your malady appears to be, the less chance there is of your druggist recommending self-medication.

Too many people have worsened simple cases by taking medicines unsuited to the particular case. Each case is its own problem, to be treated as such by the physician.

And since he is naturally concerned in the efficacy of his prescription, follow his advice in choosing a druggist to fill it.

This is the Thirtieth of a series of editorial advertisements appearing in this paper each week.

**Grasshopper Serenade**  
They play an important part in the courtship of the grasshopper. Male grasshoppers summon their mates by chirping, according to the researchers. The females fly to the chirping males, locating them by ears situated on the abdomen above the third pair of legs. But a deafened female stays put. If only one ear is out of commission she will make a try to get to the chirper but her sense of direction is poor. Male grasshoppers have a habit of staging singing contests in the meadows. One male chirps and is answered by a rival. This goes on for hours. The idea seems to be to discover which can attract the most females.

**Rope Makes Safety Belt**  
Use of a strong rope for a safety belt when climbing and working in high places would prevent some of the painful accidents which farmers and farm workers suffer in falls from windmills and roofs. This is one of the many simple precautions farmers should practice the year 'round in an effort to cut down the high score of death and injuries which occur on farms yearly.

**Mineral State**  
Counting its oil production—among the biggest in the world—Texas is the nation's leading state in value of minerals produced.
